This will not be your typical trail ride. For our guests at Blue Sky, we hope to briefly communicate the beauty of the Vaquero style of horsemanship and our respect and love for the horse. Ride through the mountains and cross creeks on the way to Tavern Blue Sky where our Chef has prepared a 3-course meal in an open mountain meadow. Dinner rides are available upon request.

*Minimum age of 12 years old.*
*$350/guest.*

## Sporting Clays

*12 guests maximum. 2 hours*

Blue Sky Shooting is unlike anything else in Utah, a true outdoor sportsman's experience. Our world class sporting clays course features 18 shooting stations located in a spectacular mountain setting. All guns, safety equipment, ammo, clays, and your own private shooting instructor are provided.

## Fly Fishing

Match the hatch on the premier blue ribbon Provo River, or fish a private stretch of the Weber River and stocked ponds. All trips are guided and transportation is included if desired. *Please inquire about pricing and reservations.*

## Hike and Yoga

*6 guests maximum. 4 hours*

In this private wonderland of peace you will be led on a four-hour, all-inclusive break from civilization. After an hour of hiking with breathtaking views, surrounded by wildlife, you will arrive at Tavern Blue Sky. Built at the turn of the 19th century, this authentic structure is perched in a beautiful high mountain meadow, creating the perfect setting for mountain air yoga. Having earned your calories, a contemporary gourmet lunch is served by Blue Sky's private chef.

*$225/guest with lunch. $150/guest without lunch.*

## Vertical Vinyasa

*6 guests maximum. 4 hours*

Wander Blue Sky's trails through mountains, meadows, creek beds, and forests. When the magical sight of colorful yoga silks hanging from the old growth trees appears, you will have made it to your destination; the Grove of Ganesh. Yoga rooted in the Earth but hovering just above it is the next adventure. Elevate your practice, literally, during Vertical Vinyasa, then be pampered by Blue Sky's private chef who has prepared a gourmet meal. Float back to reality on the return hike with an elevated perspective.
