PHOTOGRAPHY

# ABOUT ME

Hi, I'm James and I'm a full time professional wedding photographer based near Manchester covering weddings all over the United Kingdom along with international destination weddings. I want to create amazing wedding photographs that you will love forever.

I have been a finalist at the Wedding Industry Awards for Best Wedding Photographer at both regional and national level in 2014, 2015, 2016 and 2017. The award is highly regarded within the wedding industry as it is voted for by clients and is based on my overall photography service.

My images have been on the cover of Photography Week, published in Bride magazine and feature in national wedding blogs such as Brides Up North and Rock 'n' Roll Bride. I am also a Fearless Photographer, a collection of the world's best wedding photographers.

I've been featured here...

# MODERN PHOTOGRAPHY

---

Your wedding photographs should look amazing and still look just as good in 25 years' time.

I aim to deliver photographs that are contemporary yet timeless whilst capturing you and your personality.

# NATURAL PHOTOGRAPHY

Your wedding is unique, that's why it's such an amazing day. I aim to cover your wedding as it happens and tell the story of your day through natural, relaxed photography. I don't interfere and stage photos, I document your wedding as it really happens.

# COUPLE PHOTOGRAPHS

---

Relaxed and natural couple photographs  
all taken within just 20 minutes.

# WEDDING PACKAGES

---
