CAPTURING MOMENTS

OUR STORY

About Us

Hello, and Welcome!

Our brand began about 6 years ago in Lynchburg, Virginia. The founder Nate Kearney picked up a camera and discovered his love of filmmaking. From there the rest is history. He quickly fell in love with filming weddings because of his passion for capturing the most story filled moments in life. He has focused on building a team that can give couples an experience like no other.

We accomplish this by connecting on a individual level with each couple and building a relationship with them over the time before their wedding date. We want our filmmakers to know their couples as friends and really connect so they can capture their wedding in a artistic way that best shares that couple's story.

We want to be the ones to capture the biggest day of your life so that you can forever look back on it and remember the excitement that surrounded the day.

There comes a time when you find your fit, your purpose and your passion. Everyone on our team has found it in the heart of storytelling through wedding filmmaking. The joy that comes from this field in indescribable.

Visual storytelling captures moments in a way nothing else can. Only a film will let you listen to your partners vows, see the change in his face when he first sees her walking down the aisle, relive your speeches & take you back to that day.

Its an honour to be considered to capture your treasured moments, and we are looking forward to getting to know you!

What Makes Us Unique

Lets be honest, there are so many beautiful, incredible videographers out there. Many of them are people we have been privileged to call friends.

I'm not going to tell you we are better than they are - The truth is art is a personal thing that touches everyone differently. We all have our own unique style and creative vision that we uniquely bring to this world.

Here's what we're all about: Getting to know you as friends not just a client, a job, or a paycheck. We LOVE getting to see our clients as friends, because when the wedding day comes we get to CELEBRATE WITH YOU! We are adventurers, fearless, and love working with couples who share this spirit and desire to create something breathtaking that will last a lifetime.
Your wedding is YOUR story. Its beautiful, its messy, its totally unique. We're wild about capturing every part of it.

2. MEET

& GET ACQUAINTED

We're all about real, authentic moments & honest, heartfelt relationships. Which would you prefer: A stranger filming your wedding day, or a friend?! Before we book with any of our couples we want to get together and have a conversation, meet for a cup of coffee or facetime, and just get to know each other. You can ask any questions you may have, figure out how we fit together and whether our style is right for you!

3. BOOK

SAVE THE DATE

Once we've gotten to know each other and had some fun hanging out, its time to book in the day! Most of our clients like to book 6 months to a year in advance. We can accommodate couples who decide to get a videographer last minute. To guarantee your date we require a signed contract & deposit. Once you give us the go ahead we'll send you payment details and a client contract.

Working with Nate and his team was unreal.
We started off strangers and ended up friends!
Having them there on the day meant we were comfortable
to be who we are and just get lost in the moment,
two thumbs straight up!

FAQ

DO I RECEIVE ALL OF MY FOOTAGE?

Packages come with an artistically created Highlight Film at the minimum, and your vows recorded. If you wish to purchase your raw footage, it is available in our top three packages to be delivered on google drive or a regular hard drive. We do charge for the cost of the hard drive.

DO YOU REQUIRE MEALS?

Yes, we ask that meals be provided at the wedding reception as part of our contract. By the time the reception arrives we've been working none-stop for up to 12 hours without a break or a chance to grab a snack, so we need a chance to recoup so we're ready to film the rest of your evening.

HOW IS THE FILM DELIVERED? DVD? FLASH DRIVE?

You want your film to last – and you it in the best possible quality! With everything moving online and onto the cloud, DVD's are now going the route of VHS. In knowing this trend is coming, we now provide all our clients with online galleries + digital downloads so that viewing and sharing is instant and easy!

CAN I CHOOSE THE MUSIC FOR MY FILM?

While we do allow our clients to choose their own music. We although ask that you trust us to choose the music for your film. We will pick music that we feel best captures your individuality and the emotion behind your day. Some songs lend themselves better to a film setting than others – if you listen to the film score of your favourite movie, chances are its much different than what you'd hear on the radio.

HOW MUCH EXPERIENCE DO YOU HAVE?

We have been filming weddings for a little over 6 years full time, and have had the privilege to film for many different kinds of couples. However our recommendation when choosing any professional is to choose based on the quality of their work, rather than the amount of time they've been in business! If our work speaks to you and our style fits yours, that is the most important thing.

DO YOU OFFER SAME DAY EDITS?

Yes we offer Same Day Edits! Same Day Edits are a great way to have something instantly to show at your wedding while you wait for your Feature Film. Because they require a lot of preproduction work and extra gear, we have to charge extra for this service. Same Day Edits are available for an additional $800.
Because producing the film is our primary focus, we need you to arrange the visual screens and sound system for playback of your film. Many DJs and wedding reception venues now offer this amenity.
