The community was founded in 1991 and has a mile of private pristine beach on The Gulf of Mexico. Homes & cottages are privately owned and rented, and range in size from 1-bedroom cottages to 8-bedroom Gulf front homes.

Adjacent to the community is the Town Centre, which is a small commercial street that includes the 65-room Carillon Inn; The Lakehouse: a casual sports bar and restaurant; a gym; yoga studio; Baliage Salon and Spa; Our Little Beach Café; retail shops and the rental office.

About Carillon Weddings®

Founded in 2004, Carillon Weddings® is the premier organization for all of Carillon Beach's most elegant wedding venues. While it represents the venues owned by the Carillon Beach Homeowners Association, Carillon Weddings® is a privately owned small business run by Avis Glenister. Our small business ensures a personal touch and an element of exemplary service throughout your planning process.

Our wedding venues have been published in some of the most recognizable publications in the wedding industry, including *Weddings Unveiled*, *Destination Weddings & Honeymoons*, *In Style Weddings*, *The Knot* and *Southern Weddings*. With many awards (The Knot's coveted Hall of Fame winners) and stellar reviews, we are proud of our accomplishments and it fuels us to continue raising the bar of excellence! Carillon Weddings® is perfect for your destination wedding because it offers both venue management and an option of hiring our trusty team for event planning services, and/or allows you to contract any of our wonderful local wedding planners to work hand-in-hand with our venue manager.

Carillon Weddings® is not affiliated with the public market street's wedding company, Carillon Beach Weddings, which provides services in the Downtown area.
