Jonathan Oh:

“Awesome, fantastic, amazing. And this is coming from someone that hates taking pictures. Ben is easy going & has a fun personality, which made it easy to take pictures and the pictures turned out amazing!!! Choosing Ben was probably the best decision about the wedding (besides getting married to my bride of course)! All my guests have been clamoring about how great the pictures turned out and are asking me about their prices. I'd recommend Ben B. Photography to everyone!”
