

## Welcome

First and foremost, congratulations and thank you for your interest in Bernstein Studios!

How exciting for you and your family.

The task you have in front of you is no easy one. Selecting an artist to tell your story is probably one of the most important decisions you will have to make in the upcoming months and one that will be with you for the rest of your life!

Sure, where uncle Pete sits and who gets chicken or beef are important decisions, but none carry the long term implications of your imagery.

Our goal is to tell your story in the most compelling way possible. We treat every event with the care and the trust that it deserves. What could be more important than giving your family beautiful images that will provide enjoyment for years, and hopefully, generations to come?

The result will be the creation of your first family heirloom. Talk about pressure. ;)

The responsibility of documenting your day is one we take very serious.

Enclosed you will find detailed information about our products and packages. Please let us know if you have any questions.

We look forward to working with you.

-Geoff

## Bio

Geoff Bernstein

Photography came upon Geoff by an old Nikon film camera which was his fathers. Loving technology, Geoff took the camera, began to teach himself and found his best artistic skill. Teaching himself throughout the few years he has been exposed to photography Geoff has made amazing photographs. In the summer of 2008 at the age of 22 Geoff started Bernstein Studios. Since then Geoff has become employed as a photographer for his college and also for some local newspapers. He continues his ambition for photography by bringing his customers wonderful artistic photographs. His services span many areas from portraits, landscapes, sports to automotive. Everything is within reason and everything will be perfect.

We know how important your day is. And I know how important it is to gel with your photographer, we can ruin your day and make it memorable for all the wrong reasons. You get one shot at this - its important to do it right. We are here to guide you through the process and I love getting to know people, what's important to them, how they met, etc. Getting to know your story allows me to incorporate your personalities into your event and make your images unique to you.

I feel truly blessed to be part of this special occasion.
