Pricing Guide & Services Overview

A look inside my work.

Prepared especially for you.

About Me

For as long as I can remember I've been capturing moments through stills and I absolutely love it.

I've been shooting weddings professionally for over 6 years now.

I see the photos before I take them and I'm not afraid to let you know exactly what to do in order to capture them. I'm a master at posing so you will never be alone on the other side of my lens.

I love truly connecting with my couples and have zero issues telling aunt Sharon to stop talking to your grandmother and get into the family photo so everyone can go enjoy cocktail hour.

My Mission
is to make your day as
smooth and enjoyable
as possible. I can't
stop the rain, but I can
get an amazing shot
in it.

Testimonials

My clients are at the center of everything I do. My goal is to listen, learn, and deliver the best product possible.

Here's what they're saying...

"Taylor is the absolute best!! From our initial consult to receiving our photos she was so kind, understanding, and professional! Our photos are STUNNING! I didn't really have any direction for her and she helped me put together an outline for the day and carve out time for photos. She had to convince me to take couples portraits and I am SO glad she did!! Seriously can't recommend her enough."

Nicolette R.

"Taylor is incredibly talented at capturing all our special moments and making them last the test of time. We had loads of fun and always felt comfortable, the photos reflect that in the best angle and light. We love our photos and always recommend her when anyone is searching!."

Mariah M.

"I shoot with a lot of photographers and Taylor has been by far one of the best photographers I've ever shot with. She has an amazing creative vision and gives direction very well, which can be hard for some. She made me feel like we had been friends forever and was very efficient in using time wisely. I highly recommend hiring Taylor for your wedding if you want to look your best."
