Packages and prices may change at any time. Services are not based on length of time, number of guests, or size of the wedding, (exception is 1 Magic Heart package) but on the level of service you want. The time required to work with you, meet with you and to create the ceremony you want is taken in to account when determining fee. Since each couple's needs are unique, we do our best to match you with the best package possible and evaluate needs and budget at the time the contract is prepared. Other fee requirements for all packages may include mileage, toll fees, parking fees and overnight accommodations, as required. Discounts for military and first responders will be applied at the time the contract is prepared (Identification is required). The discount for the Frederick Area Bridal Network is half-price rehearsal. This only applies to packages 2 and 3, no exceptions. A non-refundable retainer fee is required at the time the contract is signed.
