

Wedding Cakes & Wedding Cupcakes

At Sugar Street Bakery & Bistro we dedicate ourselves to make your wedding experience a reflection of you and your own unique style. We want you to have the best of all worlds—traditional, trendy, and affordable!

Wedding Cakes can be traditional and elegant or fun and whimsical. We let you decide. You get the option of mixing and matching several flavor combinations to create the cake of your dreams.

Wedding Cupcakes are both creative and trendy and will be more affordable than traditional wedding cakes. We customize our flavors, designs and colors to create a consistent theme with your wedding.
