What Couples are Saying

“Victoria is absolutely amazing! I couldn't have had such an awesome wedding without her. The location is beautiful, inside and out, my wedding was everything I wanted in a venue, but Victoria was the cherry on top truly made the experience easy, fun and not stressful! The venue offers indoor and outdoor ceremony and reception which was perfect, everything is in one place. I was able to get ready at the venue with my bridesmaids which made everything much easier. Victoria was extremely helpful through the whole process from beginning to end, but had some recommended vendors, for cake and photography etc. that were also amazing!”

- Allie, married July 2018

“I can't say anything bad about this place. I loved everything about my wedding. Victoria was THE BEST wedding coordinator a bride could possibly ask for. She calmed all of my wedding nerves, the day of went smoothly. No one had an empty drink, no one went needing anything they didn't get. I'm so lucky to have found this venue! Victoria I couldn't thank you enough. You were the key to my event's success. Thank you!”

What Couples are Saying

“The venue: Carolina Trace is a hidden gem! It was the perfect venue to have my wedding and reception. We loved the idea of having both the wedding and reception in the same place. The property is picturesque and made for beautiful photos. Planner & Staff: Victoria, was a tremendous help to us with everything. She was very professional, dependable and she really knew her stuff when it came to planning. She was responsive and flexible with last minute changes and we were really blessed to have her a part of our day. She made sure we stayed on track with the timeline and didn’t mind taking on the task of giving orders when we were busy trying to get ourselves in order. She and the staff went above and beyond to keep the wedding party on time and ensured all of our desires were met. I actually miss working with her, and it was a really good time. We would highly recommend Carolina Trace to any couple planning their wedding in North Carolina. Food & Fun: The food was delicious, all of our guests are still raving about the food. There were no more appetizers left to go around. So many people have said it has either been the best wedding they had ever been to or that the food has been the best they’ve ever had at a wedding. Everything came out perfect for our special day. It was a great feeling to stand back at the end of the night and see everyone enjoying themselves so much. “

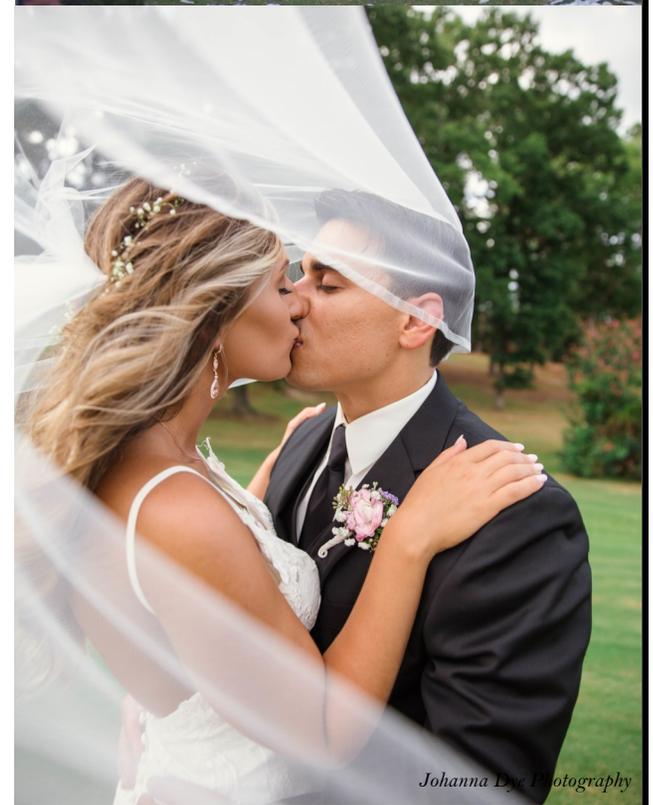

- Corlethia, married August 2018
