## IMAGINE RENTING AN ENTIRE TOWN FOR YOUR WEDDING!

Congratulations on your upcoming nuptials! We would be honored to host your upcoming wedding! We are a one of a kind venue with rustic chic atmosphere and décor; the perfect place for weddings, special occasions, reunions, banquets, galas or corporate events. We would love to tell you a little about ourselves and how our venue works.

We are a family owned and operated wedding and event venue. When deciding to build this little piece of heaven, we wanted something completely unique from the rest. With that in mind, we decided to build a complete rustic town, something like you would have found in the early 1900's. This charming little town includes a general store, sheriff's office, little white wedding chapel, large reception barn, a huge Saloon, and several cabins nestled in the oak trees. From the moment you enter our grand gated entrance, you will be transported back to a simpler time and place, equipped with all your modern day amenities. We have searched the country for antiques to fit each space and give it personal character and style. Every building was built with hand-milled logs from our very own properties; nothing cookie cutter here and no shortage of attention to details. Twisted Ranch is truly something you must experience and is like nothing else in the Austin or surrounding areas.

At Twisted Ranch we believe that celebrations are the moments that bond family and friends forever! Our goal is to make you and your guests feel like part of our family, and we would be honored to handle your event. Come on out, we look forward to meeting with you!

Check out our latest award! We were voted the best venue in the state of TX from the top Travel Guide. More than 8 million people visit their site each month!
