Morning Glory House

Amenities Offered to You and Your Guests

ConchoChristoval River Retreat is available to create your dream ceremony and reception. Our goal is to offer a relaxed, comfortable venue--one at which you, your fiancée and guests feel at home.

Up to four people may stay at Morning Glory House with additional lodging available upon request. (Often, the bride and her bridal party stay in the cottage the night before the wedding with the newlyweds in the cottage the night following, the first night as husband and wife.)

During your wedding weekend, the property is available for set up and rehearsal the afternoon before your event. And, you have plenty of time to remove personal items and décor the day after.

One-to-two restrooms are available, one being handicap friendly. Parking space is unlimited along the paved drive, just above the expansive "green space" wedding and reception areas.

A 20' x 40' tent/canopy is included. The wedding couple may choose to have the canopy set over food-serving areas or to create a beautiful space for your guests to sit and relax.

An arch, along with other select décor items, is available and we're pleased to help with decorating and set-up as needed.

You and your fiancée are welcome to choose service providers including caterer, D.J. or band, photographer and others, provided prior agreement.

The venue charge ranges between \$1650 and \$2450, 1/2 of which is due to secure your date with the remainder due two months before the wedding. The fee is based upon the number of guests being invited, which is limited to 175-200.
