No matter what package you choose, this is my promise to you:

When you entrust me with chronicling your wedding day, my complete attention will be on capturing every possible moment for the entire time I am there. I am yours and yours alone.

For simplicity, I offer two inclusive packages and an ala carte base. Add-ons are listed below.

Party Package ~ \$7095

8 Hours Photography Time

-With eight hours, we cover the important events from start to finish, so you don't miss a moment. You may add additional hours if you wish!

Large Print Resolution files

- You'll receive all of your images ready to print at any size and to post on social media sites and personal blogs. Your wedding is going to be a ripping great time, and you'll have the images to show it off! These images are not for commercial publication, but you are welcome to put them to pretty much any other personal use.

10x10 Album

- These gorgeous flush-mount albums are designed by Andree Kehn. We're skilled in the art of storytelling, and we will help you create a beautiful chronicle of the whole event using the photographs that truly capture every beat and moment. You'll be able to feel as if you're living the day over again every time you open this handcrafted keepsake.

Rehearsal Dinner Coverage

- The wedding is, of course, the main event, but the rehearsal dinner often hosts some of the most touching and intimate moments between you, your partner, your family, and your friends. In this package, the rehearsal dinner gets the same artistic eye as your wedding, ensuring every moment leading up to the great day is beautifully remembered.

Second Photographer

- All of my second photographers are talented professionals in their own right - no amateurs or assistants - and that means you'll get double the professional images for a fraction of their usual cost.

Photo Booth

- This open-air photo studio holds a camera on a tripod with a studio light and a trigger. Your guests pop in, mug for the camera, and squeeze the trigger, which projects their image on a video screen for instant appreciation.

Album Package ~ \$5195

As described above, you will receive:

8 hours of coverage

Large Print Resolution DVD

10x10 Album

Ala Carte ~ \$3595

6 Hours Photography Time

- Usually, 6 hours means I'll be there for some of the preparations, the ceremony, and the start of the reception, though you're welcome to decide how you'd like that time distributed on the day.

- If you'd like me for longer than 6 hours so that not a single moment is missed, just let me know. I'm available year-round, seven days a week, and I take no other bookings or obligations for your wedding day, so you're always welcome to expand your coverage last-minute.

Add-ons

I want all my clients to be ecstatic about hiring me as a photographer, and part of ensuring your happiness is being flexible about what I can give you. I offer the following services as a la carte add-on options that may be just what you need to round out the big day.

Additional Hours - \$350/each

Engagement Shoot - \$500

Rehearsal Dinner Shoot - \$700

Photobooth - \$625

Second Photographer - \$625

Leather Albums – start at \$1,800

Parent Album Clones – start at \$1000
