

Package 1

\$2500

- **12 hours coverage**

You can use your hours however you'd like. This can include getting ready activities for the bride and groom, posed portraits of the two of you, your wedding party or families, and of course coverage of the ceremony, reception and everything in between. If you've got something special in mind, let me know!

- **Travel within the Twin Cities Metro area**

I am happy to travel to your wedding wherever it is. Within the Twin Cities area there is no charge for travel. There is a nominal fee for travel to other locations.

- **Online gallery**

Within a few weeks after your wedding, the first thing you will receive is a private link to an online gallery featuring the retouched highlights from your wedding (see complete weddings [one](#), [two](#), and [three](#), to get a sense of what this looks like.) Feel free to forward this link to anyone you like. You can also download full-sized versions of these photos with a download password. The gallery allows easy one-click sharing to social media sites.

- **Flash drive**

The next thing you will receive is a customized wooden flash drive containing not just the retouched highlights, but everything I shot at your wedding, usually around several thousand photos. This plugs into any standard USB port and is your copy of the images. I also maintain the master files as backup should you ever need another copy.

- **Wedding album**

Finally, you will receive an 11x14 hardbound coffee table style album. The album is laid out and designed by hand, and is printed on premium heavyweight photo paper with a layflat binding, which allows for spectacular panoramic photos.

- **Full rights**

Every package comes with full rights to do whatever you like with your wedding photos. You can post them, publish them, or print them (a photo release you can show to photo labs comes on the flash drive). They are your photos so you can do whatever you like with them!
