SHOPPING GUIDE

WE'RE DIFFERENT

Huuge differences exist between companies in terms of experience, reliability, features, quality, speed, expertise, and attractiveness (both with the machines and office owners) so do your homework! Below are a just few reasons why we're the bee's knees.

YOUR EVENT IS UNIQUE SO YOUR PHOTO BOOTH SHOULD BE TOO

It would've been easier and cheaper for us to buy a generic photo booth but we demanded the best and it didn't exist. Our machines are designed exclusively for us (learn about our company history [HERE](#)) and our patented software and beautiful photo booths and photo stands are jam-packed with one-of-a-kind features you won't find anywhere else.

A JACK OF ALL TRADES IS A MASTER OF NONE – AND WE'RE NO JACK

It's impossible to provide the best photo booth experience when you're the DJ and the Wedding Photographer (no offense to photographers named DJ). By focusing only on your photo booth rental, we're able to give you 110% ensuring that your experience is unrivaled and exceeds all expectations.

OUR CLIENTS LIVE LONGER, HEALTHIER, AND HAVE MORE MEANINGFUL LIVES.*

*A message from our lawyers: The Traveling Photo Booth® has no evidence to support this claim so take it with a 1/2 grain of salt.

OUR EXPERIENCE & EXPERTISE IS UNMATCHED

We're the oldest network of nationally supported but locally owned and operated photo booth companies in the entire country. We've been doing this for 11 years+ (since 2005 before it was cool), have captured over a million Smiles & Counting® (including A-List celebrities, members of the First Family, and everyone between) and understand how important your event is. We even have the awards to prove it...and yes, photo booth awards do exist...and no we don't mean we give photo booths as awards.

WE'RE OBNOXIOUSLY PASSIONATE

It's easy to be passionate when you love what you do and when you're constantly working with happy people planning incredible events. Their excitement and enthusiasm is contagious in a good way (unlike the flu). We're obsessed with which new features to roll out (virtual facelift, digital teeth whitener, automatic mother-in-law removal, etc.) and even which mustaches on a stick are worthy for our Prop Kits (fu manchu is soooooo last season).

PATENTED BEAUTY FILTER

Doesn't exist, because you already look amazing, did you just get your hair done?

WE OFFER WAAAY MORE BANG FOR A LITTLE MORE BUCK

You won't find us on Groupon (or other discount websites) as our biggest selling point isn't being cheap but the fact that our clients go ga-ga over the insane image quality of our photos (the #1 way to prevent memory loss), how fast our machines are (faster = more photos), our unique features and add-ons, and how easy peasy we are to work with. You get what you pay for and cheap usually results in a bad experience and cheap reviews.

WE HATE PUSHY SALESPEOPLE

Pushy people belong around swingsets, not photo booths. When we, our clients, and industry peers know we're the best, we don't need to be pushy. Our goal is to help you make the right decision by sharing with you what makes us special, what to watch out for, and what really matters when shopping for a photo booth (and it isn't always obvious). Download our Shopping Guide and start becoming a savvy shopper.

UNRIVALED FEATURES, QUALITY & ADD-ONS

You don't want your photo booth or photo stand empty all night and collecting dust in the corner. Our booths and stands are jam-packed with unique features including Animated GIF creation, image filters, on-site reprints, that make photo junkies even out of the most camera shy of guests.

Our proprietary software and professional lighting have resulted in our photos being perfectly lit, sharper (mee-ouch!), and properly color balanced. Life is short. The images from your event should look as good as the time you had making them. Don't take our word for it, contact us for free samples and see with your own eyeballs (eyeballs not included) the difference.

While Add-ons are like condiments on a hot dog, we take great pride that no other company can ketchup to our variety of unique relishes we've been able to mustard up over the years (we hear you, we'll lay off the puns for a bit). Unlike others, our Prop Kits are ALWAYS Brand New (we strongly believe a feather boa has a lifespan of 1 night), our social media integration is soooo tomorrow, our Guest Books are beautiful (but not as beautiful as you) and made exclusively for us, and our personalization options are limitless.

YOU'RE RENTING AN EXPERIENCE

You're not just renting a machine — you're also renting us. With 11+ years in the biz, we promise to provide an unrivaled experience from start to finish. We have answers to questions you've yet to even think of (FYI, it takes 1.94 million photo booths to reach the moon), and have all sorts of tips to ensure your rental dreams come true. We're extremely easy and responsive to work with and your on-site attendant will look like a million bucks and will make sure your photos look even better.

Rookie Mistake: Not Seeing Your Booth Before Your Event

You don't want to meet your photo booth or open-style photo stand and see its quality for the very first time at your event. GIGANTIC differences exist in price, value, quality, features, add-ons, and professionalism between companies. At a minimum, request free samples (TheTravelingPhotoBooth.com/Samples) and if possible, schedule an in-person test drive of machines and a meet-and-greet with us so we can answer all your questions.

WHO RENTS US?

We passionately believe ALL events are better when a photo booth is invited and since 2005 we've been invited to weddings, corporate events, school functions, birthday parties, graduation parties and everything in between!

WEDDINGS

Photo Booths and weddings go together better than peanut butter and jelly — unless you're allergic to nuts.

Not only do our photo booths and open-style photo stands bring friends and family together for priceless, one-of-a-kind memories, they also provide entertainment and let you see how much fun was had while you were stuck in a 5 hour conversation with Auntie Gertrude. We also kill at least 3 wedding birds with one booth: 1) We create a guest book you'll actually enjoy which will also be treasured for generations to come. 2) Our photos become party favors that live on for years in cubicles and on fridges (versus those that get digested) and 3) The photo booth provides entertainment that keeps the party rocking all night long.

What do previous clients have to say about us?

"[They weren't] the only company we contacted, but we were blown away with their level of customer service and quality end-product that we decided to use them. Their props were amazing and, on a more selfish level, it was great having something that the guests were entertained by so we didn't have to spend the entire night 'making rounds'. Having the book to look over the next day was amazing. A ton of people [have told me] that my wedding was the most fun wedding that they have ever been to, and I think The Traveling Photo Booth contributed a lot to that."

"[Their] employees, service, and product are dripping in personality. The photo booth itself really is a gorgeous piece of machinery. It looked amazing in our event space. Our guests, obviously, had a lot of fun. People [were] queuing up for their second, third, and fourth go at it. It produced some of the night's most fantastic memories. You can't ask for more!"

"I'd say over 95% of guests used the booth, many going multiple times with varying combinations of friends and spouses. So much personality was captured in how everyone chose to pose, and best of all we had photos that night that we could take on our honeymoon and reminisce and show people when we got back while we waited for our official photos from the photographer."

CORPORATE EVENTS

We get corporate events. Sure, providing photo booth fun is important but so is engaging users with your brand, heightening brand awareness, and spending advertising money wisely.

Nothing draws a crowd like our booths and stands (who doesn't like a selfie?) and we offer a ton of branding opportunities. You can brand the background, you can brand the physical machine, you can brand the user interface, you can brand the printed photos, you can brand the digital photos, and you can even personalize the message/call to action users receive in real-time with their photos via text messaging.

WHY SCHOOL, RELIGIOUS AND OTHER CELEBRATIONS?

Special events are extra special with The Traveling Photo Booth®! We've yet to be at a bar/bat mitzvah, school event, church function, birthday party, non-profit occasion that our machines didn't make the event more fun, turn up the laughter volume, bring people together, and provide more memorable favors for those in attendance.
