Who I am

I live on the shores of Lake Como, in Bellagio, right in the heart of the Italian lake district, a stone's throw from Lake Maggiore and Lake Garda and I know every tiny little secret of these places We are based on Lake Como but we work throughout Italy and worldwide. You will find many examples of my work published in the best blogs and magazines online.

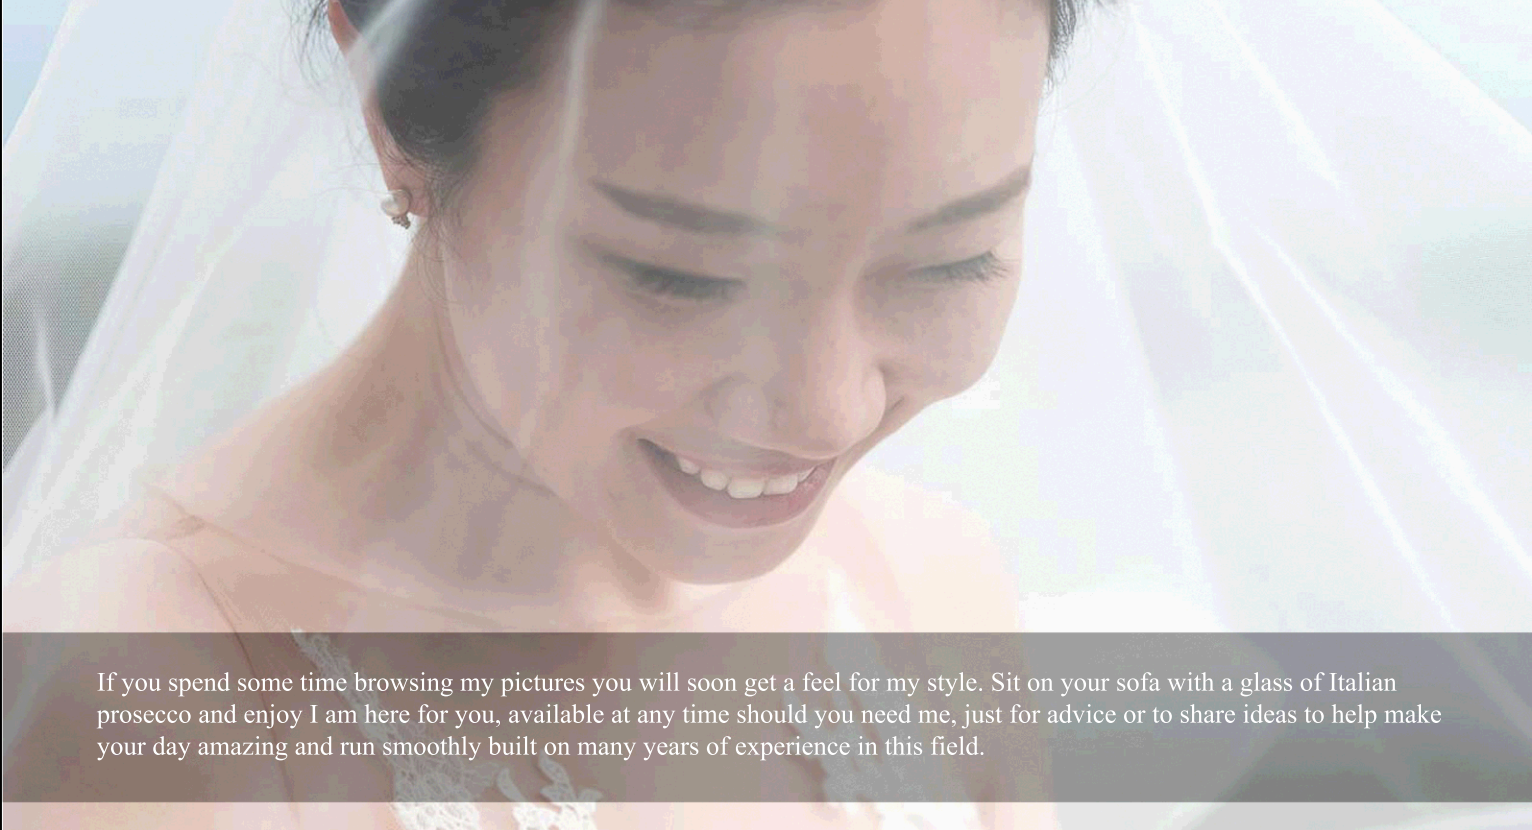

I'm multi award-winning wedding photographer and I shoot luxury weddings in the most exclusive wedding italian venues, V.I.P. weddings with a high budget... But, of course, there are plenty of couples who love each other very much and simply want to enjoy their wedding with their family and friends, not spending it posing for endless formal shots. This is my favorite time because those moments are the best opportunity for me to take the spontaneous photographs that I love so much.

My style

Describing one's "style" is difficult. Very often the labels that italian photographers use for their photos – photojournalistic, natural, candid, fashion... are chosen on the basis of marketing and professional criteria. So how to do it? I deal with photography, so the best way I can describe my style to you is to show you many, many real weddings. Not a sequence of single images that you see and think "wow", but a visual story that says "wow" to your heart.

If you spend some time browsing my pictures you will soon get a feel for my style. Sit on your sofa with a glass of Italian prosecco and enjoy I am here for you, available at any time should you need me, just for advice or to share ideas to help make your day amazing and run smoothly built on many years of experience in this field.
