Ceremony Options and Fees

I delight in officiating weddings and will devote several hours to creating your ceremony. I am a professional with years of training and experience that have prepared me to design your ceremony to honor you and those who have come to witness the celebration of your marriage. My goal is to make my services affordable and provide the ceremony of your dreams.

Option One - Elopements and Small Ceremonies

\$125.00

This is a romantic alternative to paying a Judge for elopements and small ceremonies of fewer than 20 guests. Let's meet once to arrange the place, date and time. Suggest some ideas of the type of ceremony you would like. I will meet you with a beautiful ceremony, religious or civil, complete with a unity ritual of your choice. I will officiate the ceremony, declare you married, sign your license and file it with the County Recorder.

Option Two – Ceremony Only

\$200.00

Let's meet a few times to discuss your preference for traditional or modern, religious or non-religious wording for your ceremony. Tell me the story of how you met, how the romance grew and all about the proposal. With your permission, I will incorporate bits of your story in the ceremony – always a crowd pleaser! Together we will choose wording for the various elements of the ceremony such as the Betrothal, Vows and Declaration of Marriage. We will sort the details of a walk-through rehearsal and I will arrive early enough on the wedding day to walk through the ceremony with the entire wedding party.

Option Three – Ceremony plus Rehearsal

\$275.00

This ceremony option adds a full rehearsal a day or two prior to the wedding. For weddings with a large wedding party and children (or pets) rehearsals help put everyone at ease. Besides, rehearsals are just fun! I will organize and direct the rehearsal or work with your wedding coordinator. On the day of the wedding I will arrive an hour prior to the ceremony to make any last-minute adjustments.

Let the Festivities Begin!
