Meadowbrook Inn Wedding Event Spaces

Four Seasons Ballroom

The Four Seasons Ballroom is our largest single event space and is located on the ground floor of the Main Building. With approximately 3,100 sq ft of elegant space, the Four Seasons Ballroom provides a stunning view of Meadowbrook Inn's lovely landscaped grounds and duck pond.

River Room

The River Room is located in the Main Building just through the Lounge. It has floor-to-ceiling windows on three sides of the room and several skylights, making it perfect for any event.

The Lounge

Located between the Four Seasons Ballroom and the River Room, the Lounge features its own bar and versatile lighting. With its walls lined with rustic mountain accents, this event space is ideal for cocktail hours and receptions.

Summit Room

On the 3rd floor of the Main Building, the Summit Room has windows and a set of track lights which make the room bright and cheery during the day. The Summit Room is well suited for intimate ceremonies, receptions & dinners.

The Terrace

Walk through our lobby and parlor out to the Terrace, which is usually set up with wrought-iron tables and chairs, and enjoy the view of our duck pond. The space can be set up in several different ways, and because it is an outdoor venue, we recommend that you choose a back-up room in case of rain. It's the perfect space for a cocktail hour or hors d'oeuvres and is equipped with a basic audio setup to play house sound. It also has many electrical outlets if needed for live entertainment or other requirements.
