YOUR WEDDING WILL BE

# Amazing.

YOUR PHOTOS SHOULD BE, TOO.

Your wedding is a unique reflection of you.

This day will be filled with incredible moments – intimate, surprising and joyful. Trust us to capture every single one.

We promise to deliver vibrant, delightful images that are genuinely you.

And we'll have fun doing it. You'll be smiling so much that your cheeks hurt by the end of the day.

**Let us tell your extraordinary love story.**

PHOTOGRAPHY

# ***You have hundreds of wedding plans to make.***

Deciding who will bring your memories to life is one of your most important. (No pressure or anything...)

## ***You Get the Digital Files***

You get to keep your high-resolution digital image files, you can order prints through a professional lab at wholesale cost, and you can share your photos easily with friends & family through your online ordering gallery and Facebook sneak peeks.

## ***Personal, responsive service***

Pop specializes in small- to medium-size weddings, up to around 300 guests. Though we occasionally accept larger weddings, this smaller size allows us to capture the sweet moments of the day between bride & groom and family & friends.

## ***Years of experience***

Having a mother as a wedding photographer, Rhiannon has been around weddings her entire life, and she can easily handle anything your day may bring. Bryanna has many years of professional wedding photography experience.

# ***How the magic happens...***

## ***Getting Ready***

We love getting to document the beginning of the best day ever! During this time, we become flies on the wall and capture those personal moments between you and your closest friends.

## ***Ceremony***

We're basically photo ninjas during the ceremony. Other than the soft clicks of our cameras, you'll have no idea we're there, so that you can focus on the reason why we're all there – your wedding!

## ***Formals***

Game on, team! We work lightning fast to beautifully photograph your whole family and bridal party. We'll direct and pose you to look your best and tell some goofy jokes to keep it fun.

## ***Reception***

Relax and enjoy your reception while we sneakily follow you around, capturing the all fun you're having. We'll also get shots of all your gorgeous details, guests having fun, and those killer dance moves.

# ***Show how it all began.***

Your engagement session is super important to the rest of our professional relationship together.

It not only shows us how the two of you interact together, but you also get to see how we work through posed photos. That way, we're not doing your first photo shoot on THE most important day of your life, and you can be more comfortable in front of the camera.

It's kind-of like a test run, but you also get amazing, meaningful photos out of it.

Your engagement session can be as simple as a nice stroll through your favorite park or as exciting as a water balloon fight. It can be an adventurous hike through a wooded area or a sweet return to where he proposed.

One thing's for sure: it will be as unique as you are.

## ***The little things.***

It's all in the details, right?

The cake topper; the inscription on your wedding band; the carefully selected colors in your bouquet:

These small yet meaningful items express who you are as a couple, and the sight of them will bring you back to the best day ever.

We'll document them with care.

10x10 Press Book, 20 pgs, leather cover: \$300

# ***Any questions?***

## ***Do you travel for out of town weddings?***

For full wedding coverage, venues within 2 hours of Columbia, Missouri are included in the cost of your package. Please contact us for a quote for weddings outside of that radius.

## ***Can we get a disk of our wedding photos?***

For every coverage package and photo session, you receive the high resolution digital files. We deliver the photos to you in an online gallery, which gives you the option to download the files to your computer. It's very easy to download them on your end, and it's a faster way for us to get your files to you. For this reason, we do not offer disks.

## ***Can we post our images on Facebook?***

Absolutely! Your session fee gives you personal reproduction rights to your photos, so you are welcome to use them in any non-commercial manner you wish.

## ***Do we have to order prints through you guys?***

Although we highly recommend our lab because of their quality, price and speed, you are welcome to use any print lab you wish. You'll receive a print release upon the delivery of your gallery.

## ***Hi, we're Rhiannon & Bryanna!***

Pop Wedding Photography is different, like you. We started this because we wanted to do something different for weddings in Columbia, Missouri, and surrounding areas. We can completely rock the elegant wedding photography style, but the photos that really, ahem, **pop** out to us are the fun, colorful, dynamic ones.

That's what Pop Weddings is known for.

Together, we've shot over 100 weddings and we keep coming back for more. Every story is different, and we truly believe that our clients are the best ones out there.

You know that whole quote about choosing a job you love and never actually having to work a day in your life?

Well, for us, wedding photography is that job. I'm in love with our work and our clients, and we know we've got a good thing going.

**We love love..**

## ***Genuine***

Weddings are our jam. By the end of your wedding day, we've been smiling so much our cheeks hurt.

## ***Prepared***

You can trust that we have everything under control and always have your best interest at heart.

## ***Fun-Loving***

Pop Wedding clients choose us because we know how to have a good time. We'll be BFF's by the end of your day.

## ***Unpretentious***

Having a super stuffy, black tie wedding where everyone will be aloof and snooty? We are not the photographers for you.
