

## The Signing \$120

This option is for couples needing an officiant to sign the marriage certificate. Officiant meets you at your desired location and signs the certificate. The officiant will then mail the certificate to the courthouse.

## The Basic \$315

With this package, the officiant will provide you up to three ceremony templates for you to use and revise, as needed. You will speak to the officiant on the phone to discuss logistics, location and time, etc., of the ceremony. Officiant will facilitate brief ceremony, then will sign and mail your marriage certificate. Includes:

- Pre-written ceremony templates from which to choose
- Brief phone call to talk logistics of wedding day
- Facilitation of brief ceremony
- Sign and mail marriage certificate

## The Standard \$585

With the Standard Package, you'll receive more support from the officiant leading up to your wedding day. In addition to supplying the ceremony templates, the officiant will help you customize one of the templates to fit your style, personalities, relationship history, etc. This information will be gathered by the officiant when you and officiant meet (at a coffee shop, brewpub – your preference). The officiant will then send you a revised ceremony, and will work with you to finalize before the big day. The officiant will be available to attend your rehearsal to practice the ceremony and help coordinate the flow of the ceremony with your wedding party, if needed. Includes:

- Multiple ceremonies from which the couple will choose, and then work with officiant to personalize
- Brief phone call to talk logistics of wedding day
- 2 in-person meeting to talk about the ceremony, and learn more about the couple
- Rehearsal attendance and ceremony run-through/coordination
- Sign and mail marriage certificate

## The Signature \$700

This package includes all of the support provided from the officiant from the Standard Package, but with additional meetings with the couple to ensure a special, customized and personal ceremony – as if you've known the officiant for years. If requesting The Signature Package, please note that this level of support needs time. Please contact the officiant no less than three months in advance of wedding date to ensure enough time to get to know each other before the big day. Includes:

- Standard package
- Arrive at venue an hour before the ceremony
- Additional meetings between the couple and the officiant (up to five) to enhance the personalization of the ceremony itself
