Dale is absolutely the best! He is so talented at not only taking great shots, but also at helping everyone enjoy being a part of the photos. My husband was even impressed with him and so glad that we got to have him apart of our wedding! We couldn't be more pleased with him and all of the memories he captured for us!

ABOUT US

We are a husband and wife team that specializes in cinematic storytelling throughout your day. We focus on the people and the moments that make your day the moment of a lifetime.

Our focus is to create an amazing wedding album for you that will become a family heirloom that is cherished for generations.

YOUR WEDDING

This is the day you have been planning for and dreaming of. Your favorite people in the world are gathering, the dance floor is waiting, the champagne is chilled. Every little detail has been tended to and now it's time to walk down the aisle and join forces with your one true love. You will remember these moments for the rest of your life; the family, the friends, the cake, the music, the tears and the laughter. You deserve to have this beautiful experience thoughtfully documented as you share the story of your wedding with family and friends in the decades to come.

ENGAGEMENT SESSIONS

You are at the end of one important life phase and about to embark on a new and meaningful chapter together. You haven't walked down the aisle yet but you are on your way. These are the private and precious moments when it's still just the two of you preparing for the adventure ahead. Engagement sessions are a wonderful way to celebrate who you are as a couple and reflect on your unique love story before your friends and family gather to watch you take your vows. It's also a fantastic opportunity to get to know your photographer and become comfortable in front of the camera so that when the day of your wedding arrives you are carefree and confident.

WALL ART

Would you like to be surrounded by photographs of the people you love when you walk into your home? Professional wall art serves as a beautiful visual reminder of the most significant people and meaningful moments of your life. Not only is wall art gorgeous to look at but each piece of art carries a story, a memory, a moment in the history of your lives together. What better way to celebrate your home than to be surrounded by the people who make your life so sweet.

SIGNING BOOKS

Once you enjoy your engagement session you can have your photographs bound into a beautiful book for your guests to sign on your wedding day. This gives your family and friends the opportunity to share with you their love, reflections and well wishes. It's a book of personal love letters from your favorite people just for you!

BRIDALS

A dream dress, perfect hair and makeup, and all the excitement of your upcoming wedding are just a few of the reasons for a bridal portrait session. While the wedding day tells the story of you as a couple, the bridal portrait session celebrates you as a bride and this remarkable and significant time in your life. Plus, you'll get to have a gorgeous print or canvas made to display at your reception, and makes a wonderful gift for your parents.

CAPTURING THE STORY OF THE DAY

When you hire a professional photographer for your wedding you are not only hiring someone to take pretty pictures but also a person who is a storyteller. A professional photographer takes the time to really listen to you and your love story. They will know the people and moments that are most important to capture on your wedding day and will take gentle care to create an atmosphere where your story can unfold. Always in the background, observing and guiding, a professional photographer documents your story in such a way that when you see your photographs you will be able to truly relive the beautiful and unique story of your wedding day.

A L B U M S

What would it feel like to hold a custom made wedding album in your hands that tells the story of your wedding day? What would it mean to share this story with your children and grandchildren?

Digital files disintegrate over time and individual photographs do not have the capacity to tell a story the way your custom made wedding album can. These heirloom pieces are the beginning of your legacy and allow you to bring your love story to life through print for yourselves and for generations to come.

The best time to book a photographer is right after you book your venue. You want to get comfortable with your photographer and allow time to have a conversation about your vision and specific needs for your photography.

This is the day. No matter how stressed you are, we are here to calm you and take care of you. We'll capture your day, your story, your life. Whether your family views your photos in a month or 50 years from now, they'll see your entire story.

It's a good idea to get your engagements sessions booked right away. Most people aren't used to being photographed professionally so this is a wonderful opportunity for the bride and groom to get comfortable in front of a camera. Think of this as a trial run with the end result being gorgeous photographs of the two of you

After returning from your honeymoon, we will have your gallery ready to view and start crafting your heirloom album. After your approval, your fine art album and any wall art will be available in 2-3 weeks.

Engagement prints are timeless. Unlike your wedding photographs that tell a complete story with all your family and friends, these are more intimate, documenting just the two of you before your big day. This gives you a chance to spend some quiet time together, reflecting on all that has come to pass and what lies ahead.
