having 2 photographers covering your day allow us:

- to be in more than one place at the same time thus extending coverage of each event
- to capture 2 different views and perspectives of everything that happens and add another point of view and dimension to the wedding day
- to capture more candid shots (the primary photographer is there to get the must-have images and candids when possible but the second photographer is there to focus on the candids)

two sets of eyes are always better than one!!!

General Terms & Conditions

- this price list only applies for Dominican Republic
- this price list does not apply for Hard Rock Hotel & Casino Punta Cana and Grand Iberostar Bavaro Hotel.
- It's important to note that we can customize your wedding package, just let us know what your needs are. If you don't want pictures of you getting ready, you can use this time for extra post ceremony coverage. The coverage time is manageable as long as it is continuous. Just let us know beforehand.
- we offer discounts for a combined Photography and Video Packages.
- to confirm your reservation we need you to previously follow our booking process (email us for details).
- a coffee table book is a book that we create thanks to dedicated software (it's totally different from the Traditional photo album with the pictures stuck on the pages). This book will have the pictures of your wedding professionally printed on the pages. It will be an 11 x 8.5 inch hardcover book with photo-wrapped cover and matching dust jacket. The hardcover book uses a traditional bookbinding style – complete with a striped headband – just like books from the bookstore.
- coffee table book will be delivered at you home address approximately 5 weeks after your wedding free of charge (via FedEx or UPS). In case you order a Graphi Studio/Asuka Photo Book it will take approximately 10 weeks.
- If your package already includes a Coffee Table Book and you wish to replace it with one of those Professional Photo Books, please subtract USD 100 off of the price listed below to know the exact price of the new book.
- The final length of the video will vary depending on many factors such as the type of ceremony, number of guests, speeches, dances and other activities you will have during your wedding day. The specified time of the packages is completely approximated.
- highlight videos take several weeks for production but we don't give a time frame since it is a more creative and accurate process. We will deliver them digitally when ready.
- cinematography packages requires a long postproduction process. It will be delivered when ready (no time frame).
- for weddings that take place inside a resort/hotel that requires special admittance permit for the photographer and/or videographer through the payment of a Day Pass or Royalty Fee, customers will have to cover the cost.
