Providing lighthearted brides with a wedding photography experience that creates an honest, joyful, and stress-free way to remember their wedding day forever

I'm Haleigh, a wedding and portrait photographer living in Orlando, Florida with my fiancé, Jack, and cocker spaniel, Rocky. I'm slightly sarcastic and overly passionate about my work. Most days you can find me listening to a variety of podcasts, binge watching a new show on Netflix while editing photos, or planning my next grand adventure. I'm obsessed with Parks and Recreation and may or may not have incorporated all of the wedding vows from the show into my upcoming wedding...

I have had the opportunity to be a part of over 50 wedding days in the past 5 years and have loved every second of it!

I have photographed weddings and engagements from Washington DC and Virginia, to Upstate New York, and all across Florida. I just can't get enough and I hope yours is next!

WORD ON THE STREET

From Past Haleigh Nicole Brides

"Haleigh has such a passion for her work and it shows in every way! Haleigh took the time to get to know myself and my now husband to understand our style and learn about us as a couple. I felt like we had been friends for years! Haleigh goes above and beyond photography to take care of her clients and help them enjoy the wedding planning process instead of stressing. I have cried so many happy tears gushing over how beautifully Haleigh and Jack captured our day!"

Sarah Jo + Matthew: St. Augustine, Florida

"Haleigh and Jack are so wonderful to work with. I received so many compliments on not only our photos, but from other vendors letting me know how great Haleigh was to work with on our wedding day. Haleigh and Jack were so organized and made sure to keep everyone on schedule, even wrangling our large families. They seamlessly filtered through our event getting a lot of great candid and capturing all the major highlights."

Sabrina + Dan: Orlando, Florida

"We had previously experienced Haleigh's work at my brother's wedding and we knew we had to have her for our wedding as well! Haleigh is an exceptionally gifted photographer and as we viewed the wedding album we got more and more excited about each wonderful moment that was perfectly captured. We loved how easy it was to work with Haleigh and all of the fun and creative ideas that she had to create some truly special pictures. Haleigh actually came up to the DC area for us - not once, but twice (engagement and wedding pics)! And yet despite the distance, it was really and truly easy to work with her."

Nicole + Michael: Arlington, Virginia

FAQs About My Process

How Does the Booking Process Work?

If you are considering booking, but want to chat more about your day, I would love to hop on a quick call with you to discuss the details of your big day! Just shoot me an email and we can get it scheduled. After our scheduled call, I will send over a basic contract for you and your fiancé to look over! I will then put your wedding day "on hold" for 3 days so you guys can talk over this decision without worrying about anyone grabbing your day. If you are already comfortable and want that contract right away, just let me know!

Once you are ready to book, you will fill out a contract online and pay a 30% non-refundable retainer to officially claim your date on my book! No other payment is due until 30 days prior to your wedding date, but you are always more than welcome to make payments as you go!

How long does it take to get my images back?

I work CRAZY hard to make sure you get to see some of your images before you leave for your honeymoon! I always send a sneak peek out within 24 hours of your wedding day ending. The sneak peek consist of 20-25 images from throughout your day that you can share with family and friends immediately!

After that, I guarantee the rest of your images will be done within 4 weeks of your wedding day. I also guarantee a minimum of 75 images an hour. My brides' wedding galleries are averaging around 800-1,000 images for an 8 hour day!

Have additional questions? Feel free to shoot me an email or set up a call so we can chat more!
