Over 25 years of Wedding Bliss!

Serving Illinois, Iowa, Indiana, Kentucky and Tennessee!!

Best prices and service for YOUR day!!

Price list as of 2018

It takes Hollywood up to 2 years to make a one hour and thirty-minute movie.

We have only one day to film and a few months to put together your film up to thirty minutes!!

How is this even possible??!!

After years of working in the wedding industry we can make it possible.

Our cinematography package is designed to achieve a story. The proper footage. And enough time to edit, color correct, and compose/license music.

YOUR film...

As unique, as you are as a couple. This is about YOUR day and an investment into a lasting memory that you will watch over and over again.

From our family to yours, a great big thank you for considering us for this once in a lifetime special day,

David, Lauri, and the whole Ruby Family.
