

## My Services

I **specialize in destination weddings and honeymoons** in the Caribbean, Mexico, Hawaii and Europe. I've been through the planning process as a bride, and I visit a variety of resorts and destinations multiple times per year in order to provide you with first hand experience, tips and connections with staff on property that help make your experience a dream come true!

As your travel advisor I assist with booking of flights, resort, wedding packages, transportation, travel insurance, excursions and more. I'm here for you every step of the way – before, during and after your trip, I'm just a call or a text away.

**Not sure what destination or resort will suit you?** I can help with that! I take the work out of figuring out where to go. Planning your wedding and honeymoon should be fun, not stressful!

## Working with Vacations by Kristina

I offer a **complimentary consultation** to talk about your vision, your travel style, the type of experience you envision for you and/or your guests, and your vacation preferences and budget. Then I'll put together some options that I think you'll love and we can start the process of booking your unique, customized experience. I'm available for questions at any time via phone, email or zoom.

**Why choose a destination wedding?** You can customize it completely to your style and vision, with paradise as the backdrop for your event! **You also get a LOT more for your money** with a destination wedding, and can include fun, unique experiences that you and your guests will talk about for years. You'll have an onsite team to manage all the wedding ceremony details, and I manage all the travel details for you and your guests, ensuring a stress-free experience.

## Prices and Fees

**Vacation package prices** vary based on the destination, type of experience you're looking for, and length of your trip. There's an option out there for every type of traveler and budget, and my job is to find the best one for you, based on your vacation preferences and travel style.

**I do not charge any additional fees** for my services; however **I do require an advance deposit prior to putting together your vacation quote**. This deposit is put toward your vacation package at time of booking. This will likely not cover your entire vacation package deposit, however the amount due will be reduced by the price of the advance deposit. Should you choose not to proceed with booking, the deposit is nonrefundable in order to cover my time spent researching and putting together your proposal.

- Honeymoon deposit: \$100
- Destination wedding deposit \$200
