Here are some helpful hints on choosing the right package:al

>3 Hour Package - The Essentials Package - For those short and sweet weddings.

>6 Hour Package works for most weddings when there is no travel between the wedding and reception venues. You can always add an hour if you need to on your wedding day. Most of our brides choose this package.

>8 Hour Package works best when there is travel between the wedding and reception venues, when the wedding and wedding party is large, or when you want us to stay later in the evening to capture ALL the events of your reception and departure.

>To book us for your date please pay a $500 binder fee, which applies to your total wedding package cost. Typically half of the balance is due 90 days before the wedding date and the balance is due 30 days before the wedding date. If you need us to consider a different payment plan just let me know. If other services are provided before the 90 day payment is due, then we ask that you pay us for that session (Example: Bridal or Engagement session) at the time of the session. We love to work with our brides.

Hope this helps. We are happy to discuss this with you. Just give us a call. Thank you for your interest.
