

Investment- Weddings

PACKAGES AND PRICING

Although every wedding shares the same end goal, (to get married!) each is unique in its circumstances and details. I am a strong believer that one size does not fit all for weddings, so I don't believe in making you pay for services that you ultimately do not want or need.

These wedding photography packages should help you get started, but please reach out with more specifics of your day, so we can build something perfect together! I am happy to suggest options that would work for your budget.

FAQ

WHAT IS YOUR PHOTOGRAPHY EXPERIENCE?

2023 will be my 8th full year as a wedding photographer. Prior to that I was primarily a family and art photographer. I am both academically and self-taught. My first wedding was for a family friend, and I fell in love. The lighting, the romanticism, the happy guests dancing and kids running around. Now, I have now photographed over 150 weddings- and love them all.

I am a seasoned professional and am familiar with the flow and events of the day, as well as technical and artistic photography and editing knowledge.

WHERE CAN I SEE REAL WEDDING GALLERIES?

To see real weddings, with real people, and real events (meaning not just a highlight portfolio) head to my Portfolio page. There are several available to see how your full day of coverage/ photos will go.

DO YOU SHOOT DESTINATION WEDDINGS? OR OFFER A BUCKET LIST DISCOUNT?

Yes, I have traveled throughout the United States for weddings and would be happy to discuss photographing your destination country wedding if local laws allow.

I offer a bucket list discount as well as a local discount for venues that I have not previously worked at. This allows me to make more connections with various venues! Please inquire.

DO I NEED A SECOND PHOTOGRAPHER?

For weddings of more than 125 guests, a second photographer is usually encouraged as it allows for more coverage of various events going on. That being said it is always your personal choice. My second photographers are an add-on as I hire professional photographers to work for the day, and it adds on to my total editing time as well.

Contact me for your specifics of getting ready, ceremony, etc. and I can let you know my recommendation!

DO I HAVE TO ORDER PRINTS THROUGH YOU?

You do not. My packages include a print release, which means you are free to use your high resolution files to print wherever you choose. I do offer printing and products through your gallery for an easy all in one experience with a professional printer.

DO YOU INCLUDE AN ALBUM?

My El Castillo all inclusive package does include the choice of a 10x10 15 spread album or \$200 print credit. Otherwise one may be added on.

DO YOU SHOOT 35MM FILM?

DO YOU DO VIDEOGRAPHY?

Personally I do not. However I have several videographers I work well with and recommend wholeheartedly for us to be your photo/ video team. Please contact me and I will give those recommendations!

WHY SHOULD I INVEST IN A PROFESSIONAL?

Think forward to 20 years from now, what are you going to have left of your wedding? Your cake will be gone, flowers dried, your dress probably stored in the attic after wearing it once. You are investing in one of the few things that will last, beside your marriage and love. You are paying a professional for their time, experience, equipment, software, education, wedding timeline help, plus a lifetime of memories to be cherished. I can't begin to tell you the horror stories I've heard of couples going with a "family friend" for photos and then never getting their photos, or being incredibly disappointed down the road.

HOW DO I BOOK?

First please contact me to make sure I or one of my associates is available for your date. To book I require a signed contract and a retainer of \$1000 for weddings over 3 hours, or \$500 for micro weddings. (which counts towards your total investment). Dates cannot be reserved until these have been received. Contact me today, and we can chat more! So excited to meet you.
