## Large Party Pricing:

Cakes	Cupcakes
<p><b>Single tiered cakes</b>            Buttercream: starting at \$75            Fondant: starting at \$95</p> <p><b>Two tiered cakes</b>            Buttercream: starting at \$135            Fondant: starting at \$165</p> <p><b>Three tiered cakes</b>            Buttercream: starting at \$200            Fondant: starting at \$240</p> <p><b>Four tiered cakes</b>            Buttercream: starting at \$275            Fondant: starting at \$330</p>	<p><b>Note for cupcakes:</b>            Our cupcakes come fully frosted with our homemade buttercream. We offer many additional decorations to customize each cupcake to fit your theme (see prices below). Our cupcake menu has around 20 flavors and we are regularly adding more. We welcome you to choose whichever flavor or flavors you like- however, keep in mind that some of our flavors will be an additional cost (depending on the ingredients used: fresh fruit, crème filling, etc.).</p> <p>The prices stated below are based on the lowest-priced cupcake options such as chocolate or vanilla.</p> <p><b>By the dozen</b> (for parties under 100)            \$25 / dozen</p> <p><b>Per cupcake</b> (for parties of 100-500)            \$2 / cupcake</p> <p><b>Special Pricing</b> (recommended for parties over 500)            \$175 / 100 cupcakes</p> <p><b>Additional Costs:</b>            Special decorations: \$0.50 / each cupcake            Custom frosting: \$0.25 / each cupcake</p>

## Serving Guide

We encourage clients to choose custom sizes for their cakes depending on how many people they are looking to serve. We also have recommended order sizes for cupcakes as well to ensure that everyone gets the cupcake they want. These are just suggestions to help you determine what sizes/quantities you will need. During your consultation, we will cover exactly how much you will need to feed your party.

### Cakes

Mix and match cake sizes to make the perfect tiered cake for you and your guests.

#### Round cakes

- 6 inches: 12 servings
- 8 inches: 24 servings
- 10 inches: 38 servings
- 12 inches: 56 servings
- 14 inches: 78 servings
- 16 inches: 100 servings

#### Square cakes

- 6 inches: 18 servings
- 8 inches: 32 servings
- 10 inches: 50 servings
- 12 inches: 72 servings
- 14 inches: 98 servings
- 16 inches: 128 servings

### Cupcakes

For cupcake orders, we recommend you order *more* cupcakes than guests. Generally, 10-15 extra cupcakes per 100 people is best. This way, each person can choose the cupcake they want. Ordering 50 chocolates and 50 vanillas only allows 50 people a chocolate cupcake- but what if 55 people want chocolate? Or that *one friend* decides to bring their plus-one after RSVP-ing for only themselves? We would hate for you to be short just one cupcake! If you have any questions about ordering cupcakes, feel free to contact us- just like our cakes, we include a consultation with your order so we can discuss the flavors and quantities then.
