2021

Welcome

Thank you for your interest in having me shoot your wedding! Your wedding is one of the most important days of your life. It is an honor to even be considered to document such an event.

One of the most instrumental aspects of my business is to provide an exceptional client experience before, during and after the wedding event takes place. This is done through careful planning and preparation. We will work together to create a timeline that allows you to receive the very best photography product as well as to actually enjoy your wedding day!

Please do not hesitate to reach out with any questions. I look forward to working with you!

SIMPLE ELEGANCE

Your Wedding

GETTING READY

Getting ready is more than zipping up your dress or straightening a tie! This is the time when the bulk of your wedding details will be captured. Careful planning and construction will be spent on making this part of the day seamless.

CEREMONY

Transitioning to the ceremony can happen in a number of ways. Perhaps you would like to see each other prior to alleviate those wedding day jitters! I can create opportunities to shoot different groupings between the getting ready portion of the day and when the ceremony takes place. Know that every moment will be captured while you exchange your vows with your love.

GROUP PORTRAITS

Rest assured, I have a detailed plan when it comes to taking those family pictures! Careful planning and execution will make this portion of the day move flawlessly. I strive to shoot a great core set of images with the wedding party and allow enough time to make some or all of cocktail hour if you wish!

COUPLE'S PORTRAITS

Throughout the day I will capture a variety of images of you together as a couple. My favorite part of the day is always my last set of images (at sunset)!

RECEPTION

Finally! A time to kick back and relax. Dinner, speeches and the cake cutting are just a few of the events to potentially plan for. Every wedding is different and unique. Trust that I will capture everything, down to the smallest detail!

First Look

WHAT IS A FIRST LOOK?

A first look is a private moment between you and your love that occurs prior to the ceremony. Great care is taken to make sure that this is meaningful and special. Couples love this because it gives them the chance to be together as a couple, in private, before the day really kicks off. Couples frequently state that they feel calmer and more relaxed after seeing each other.

WHY I LOVE IT

Deciding to do a first look allows me to complete more photography before the ceremony. Oftentimes I can start and finish the wedding party or family pictures before the ceremony, which allows you and your spouse to be free to enjoy your cocktail hour in full after you exchange vows.

Still not sure? No problem! If you prefer to keep the tradition of seeing each other for the first time as you walk down the aisle, I will create the perfect timeline for that as well. Either way, I have you covered!

AN INTIMATE MOMENT SHARED.
