# Hey there!

NICE TO MEET YOU

We are Cristina & Petrica Tanase. We are wedding photographers, moment junkies, and friendly people. We are addicted to real smiles, happy tears, and all the moments that make a wedding day such a wonderful carousel. Wedding photography is not our job, is our choice, our playground, and would not trade it for anything. We started this journey 14 years ago and found ourselves surrounded by love, laughs, and happiness. If you are looking for documentary photographers and friendly people, HERE WE ARE!

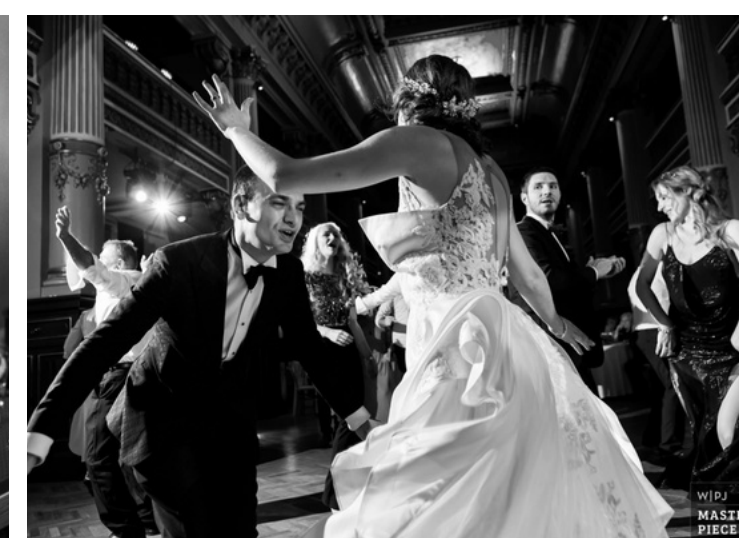

# YOU make the pictures!

both of you

In our 14 years, we have learned one thing.

You make the pictures! Yes, we click the shutter and we work the cameras and we do a bit of magic when it comes to light, stories, and that split second that matters most but what makes a beautiful image is a soul. And that soul comes from you, your smile, your love, the warmth of a hug, and the sparkle in your eyes when you look at the person you love. And maybe, just maybe, that crazy dancing with your friends.

So all you need to do for beautiful pictures is enjoy it! We will put the moments aside for you!

# The Best Award is your smile...

We love what we do and we are passionate about documenting couples on one of their happiest days. Over the years, we have received more than a few awards from all major wedding photography associations worldwide. But they are not just our awards, they equally belong to our crazy beautiful clients who trusted us with one of the most important parts of their wedding, immortalizing their memories! We are thrilled and honored they have entrusted us with the task. We will cherish these awards but, what makes us really happy is your smile and the memories that will come to life when you look at your wedding photographs.
