## MY PHILOSOPHY

I'm sure your mind is racing with all that needs to be planned. It's all very exciting but it can also be somewhat overwhelming. You're planning the day that you've been anticipating your whole life and yet you only get one shot at it! By the time you get the hang of it, the planning is over! Our goal as wedding photographers is to make this one aspect of the planning process simple. Photography is more than just images, it's a real part of your day. Not only do you deserve beautiful images, you also deserve an amazing photographic experience. When our couples feel comfortable and relaxed in front of the camera, that results in genuine, timeless images! When I think back to my wedding day, I remember amazing memories....but most of the moments I remember really well are the instances that were captured in my pictures. They are priceless to me. Your wedding day is an experience from beginning to end and your photography is a huge part of that experience.....shouldn't it be fun? And enjoyable? And natural? I think so! My goal is to not only capture memories for my clients, it's to create an experience that they will never forget.

## MY PROCESS

One way I ensure that our brides and grooms enjoy the BEST photographic experience possible is through forming a relationship with our couples. We try our best to make sure that all of our couples are the PERFECT fit for us before officially booking. A bride and groom should connect with their photographer, trust their photographer and be EXCITED about the whole process! After booking, I love getting to know my clients through an ENGAGEMENT SESSION that helps them warm up to the camera so that they are ready to rock-and-roll on their wedding day! By the time their wedding day approaches, my clients feel more like friends and that creates a safe and relaxed environment for photography! Now that you know a little bit about my approach to the wedding day, you can continue reading to find more detailed information about THE FULL WEDDING EXPERIENCE!

## WHY INVEST?

Your first decision as an engaged couple is to set priorities for your wedding planning. You have to decide what you value most. Is it the dress? The food? The Venue? As a bride AND photographer, I believe that couples should make their photography a top priority. After the big day is over, you will leave your reception with a spouse, your rings, & your pictures....that's it! All of that planning and preparation is over in a matter of hours! So if you're choosing to invest in high quality photography, those images deserve a classy, elegant home after the wedding. I offer high end, linen bound Legacy Albums for my wedding clients. The images are printed straight onto the pages and the covers are wrapped with woven linen. This is the perfect ending to The Wedding Experience and it's a legacy that you will be leaving your children and grandchildren one day!

THE WEDDING EXPERIENCE

## ENGAGEMENTS :

We are more than willing to travel for engagement sessions! We actually love it when our couples ask us to photograph them in a location that means something special to them! We book engagement sessions at least two months in advance and include local travel costs in your package.

## DIGITAL FILES :

We average 75-100 images per hour that we're shooting. We love delivering our client's files quickly and easily via an online gallery. You will have the ability to print, share and download your images as much as you want. We believe in freely sharing our work because that is what we would want if we were in your shoes! So, there's NO worry in regards to copyright.

## COVERAGE :

We are often asked if 8 hours is enough time to capture the full wedding story and the answer is yes! Our main goal right now is securing and saving your date. You can always add additional coverage as we get closer to the big day and we have a good idea of your timeline.

## OUR SHOOTING STYLE

We love being both interactive and discreet throughout the wedding day. There will be parts of the wedding day when I will need to be in control in order to accomplish everything that needs to be done while staying on schedule. There will also be moments when you shouldn't even know that I'm there. (The ceremony, during dances and toasts, etc.) We teach our couples how to pose, model and interact during their engagement session so they are naturals on the wedding day and don't need quite as much instruction from us!

## BOOKING :

Once I have answered any questions you may have and you have decided that our Wedding Experience is exactly what you're looking for on your wedding day, the next step is a booking proposal. I will create an online proposal that will walk you through the package and when you're ready you can save your date by signing your contract and paying your deposit online through our Client Portal system.

# Thank You

I'm so glad you contacted me! Enjoy this season of engagement and get excited about your BIG DAY because it's going to be fabulous! Plan and prepare but always remember that at the end of the day, you're marrying the love of your life and that's all that really matters. Congratulations on your engagement and I look forward to hearing from you! Be sure to visit the BLOG to view my most recent weddings!

*Love, Amanda*
