06 Booking & Contact

If your love is
a movie, I
want to be its
director.

Let's win us an Oscar.

If I'm being honest, I'm a sucker for love. Catch me crying at movies, books, strangers on the street. I think that love is the most beautiful thing that two people can share, and the best part is, that it can be expressed in such interesting and unique ways. As a photographer, those tokens of love are exactly what I aim to capture for you to share for the rest of your lives.

HI! I'M LAURA

GET TO KNOW ME BETTER

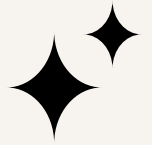

Photographer, Traveler, Artist

Hi! I'm Laura, a digital marketer turned photographer. I've been a professional photographer for 4 years now, specializing in couples and weddings. As a Portland, Oregon native, I have a deep appreciation for the grandeur of the Pacific Northwest and love hiking and exploring the great outdoors. I'm an avid traveler, too, having visited more than 50 countries so far.

Aside from photography, I'm also passionate about dancing, painting, cooking, and music – you might say I'm an all-around creative type. I'm endlessly inspired by art, and am constantly looking for inspiration in the world around me. I'm a Pisces, evident in my dreamy, intuitive nature and moody aesthetic choices.

PROCESS

01

It all starts with a discovery call

Once your package is booked, let's get to know each other! Together we will conceptualize an experience that feels authentic to you and your partner.

02

Fun times & planning it all out here

This is where the creativity happens on my end. Mood boards, location scouting, timeline planning. Whatever needs to happen, we'll stay in touch to make sure everything is dialed.

03

Implementation and the big day is here

It's finally time to have some fun and tell your love story! Leave the logistics to me and enjoy the moment.

A unique approach to couples photography...

If you're looking for super posed photos, I'm probably not your photographer. I go into every session as if I'm directing a movie. I want your time in front of the camera to feel raw and real, and the best way to achieve that is to get you in your natural element. Together, we'll plan a session that feels authentic and fun for you and your partner.

ENGAGEMENT PHOTOS

Documenting your love story.

I strongly believe that engagement photos should be a reflection of who you and your partner are. What do you like to do together? Where do you feel your happiest with one another? This is a time for you to express your love in any way you want! Let's tell that story in a unique and authentic way.

EXPERIENCE HOW I SHOOT WEDDINGS

Savor the moment.

Your wedding day is a once-in-a-lifetime celebration, and it's my mission to ensure that you savor every single second of it! So many couples get overwhelmed or caught up in the photo-taking process that they miss out on truly experiencing the special moments.

With my photography, I prioritize your enjoyment above all else. Together, we'll work on creating a timeline that ensures we capture all of the images that beautifully tell the story of your day while still providing you the freedom to fully immerse yourselves in the joyous occasion.

My documentary-style approach allows me to capture magnificent, heartfelt moments with minimal disruption, enabling you to focus solely on the love and happiness that surrounds you.

"With my photography, I prioritize your enjoyment above all else."

On your wedding day, you can rely on me to be calm, cool and collected. Even if things don't go as planned, you can trust that together we will make sure that you get beautiful images no matter what twists and turns the day might bring.

HOW IT WORKS

01

Book your package!

Email me and let me know your date and preferred package. I will then send you a contract for you to review and sign.

02

Pay your deposit.

After signing the contract I will email you an invoice for you to pay your deposit. Your date is officially booked at this point!

03

Book an intro call.

Once the deposit is paid, let me know your preferred day and time to book a 1 hour intro call with you and your partner. I can't wait to get to know you!

04

You're all set!

After our intro call, I'll begin working on the timeline. We will stay in contact before your wedding to make sure all of the details are in place before your big day!

FOR THE

LOVERS

Don't let the moments pass you by

Twenty years from now, I hope you can close your eyes and still remember the words that made salty tears roll down your cheeks and the precious moments spent celebrating with the people you love the most.

FAQ'S

You have questions, I have answers!

Do we need a second shooter?

I recommend that you opt for a second shooter if 80+ guests are attending your wedding day or are purchasing a Super 8 film. Having a second shooter helps me document extra special moments or details. For example, when we are off capturing stunning couples portraits, the second shooter can take candid pictures of your guests!

How do payment schedules work?

After signing our contract, I will email you an invoice in which can be paid by bank transfer, credit card, Venmo, or cash. I require a non-refundable 50% retainer to book your date, and the remaining balance is due within 7 days of your wedding date.

What if we need to cancel/reschedule?

If you've already put a deposit down on a date then have to move it, there will be no need for a new deposit if I am available on such new date. Otherwise, the deposit is non-refundable and a new deposit will have to be made in order to hold your new date. In case of cancellation the deposit is non-refundable.

Can we order prints of our photos?

Of course, I'd love for you to print your favorite images! You can easily order photo prints through your online gallery.

THANK YOU

You're the best
