THE
Wedding
EXPERIENCE

MY PHILOSOPHY | I'm sure your mind is racing with all that needs to be planned. It's all very exciting but it can also be somewhat overwhelming. You're planning the day that you've been anticipating your whole life and yet you only get one shot at it! By the time you get the hang of it, the planning is over! My goal as your wedding photographer is to make this one aspect of the planning process simple. Photography is more than just images, it's a real part of your day. Not only do you deserve beautiful images, you also deserve an amazing photographic experience. When my couples feel comfortable and relaxed in front of the camera, that results in genuine, joyful images! When I think back to my wedding day, I remember amazing memories.... but most of the moments I remember really well are the instances that were captured in my pictures. They are priceless to me. My goal as your photographer is to make you feel so incredibly comfortable! Your wedding day is an experience from beginning to end and your photography is a huge part of that experience..... shouldn't it be fun? and enjoyable? and natural? I think so! My goal is to not only capture memories for my clients, it's to create an experience that they will never forget.

CAPTURING MOMENTS.
MAKING MEMORIES.
TELLING YOUR STORY.

T H E P R O C E S S | One way I ensure that our brides and grooms enjoy the BEST photographic experience possible is through forming a relationship with our couples. We try our best to make sure that all of our couples are the PERFECT fit for us before officially booking. A bride and groom should connect with their photographer, trust their photographer and be EXCITED about the whole process! After booking, I love getting to know my clients through an ENGAGEMENT SESSION that helps them warm up to the camera so that they are ready to rock and roll on the wedding day! By the time the wedding day approaches, my clients feel more like friends and that creates a safe and relaxed environment for photography! Now that you know a little bit about my approach to the wedding day, you can continue reading to find more detailed information about THE WEDDING EXPERIENCE!

THE WEDDING EXPERIENCE

ENGAGEMENTS :

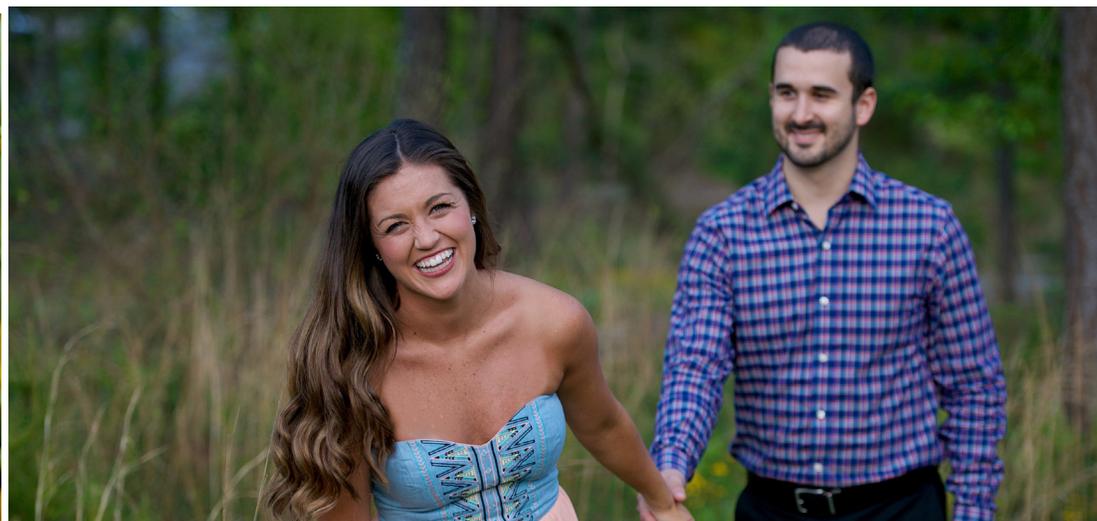

We are more than willing to travel for engagement sessions! We actually love it when our couples ask us to photograph them in a location that means something special to them! We book engagement sessions at least two months in advance and 60 miles of travel are included.

DIGITAL FILES :

We average 75-100 images per hour that we're shooting. We love delivering our client's files quickly and easily via an online gallery. You will have the ability to print, share and download your images as much as you want. We believe in freely sharing our work because that is what we would want if we were in your shoes!

COVERAGE :

We are often asked if 8 hours is enough time to capture the full wedding story and the answer is yes! Our main goal right now is securing and saving your date. You can always add additional coverage as we get closer to the big day and we have a good idea of your timeline.

OUR
SHOOTING
STYLE:

We love being both interactive and discreet throughout the wedding day. There will be parts of the wedding day when I will need to be in control in order to accomplish everything that needs to be done while staying on schedule. There will also be moments when you shouldn't even know that I'm there. (The ceremony, during dances and toasts, etc.) We teach our couples how to pose, model and interact during their engagement session so they are naturals on the wedding day and don't need quite as much instruction from us!

BOOKING:

Once I have answered any questions you may have and you have decided that our Wedding Experience is exactly what you're looking for on your wedding day, the next step is a booking proposal. I will create an online proposal that will walk you through the package and when you're ready you can save your date by signing your contract and paying your retainer online.

two HEADS ARE BETTER THAN *one*

I'm so excited this year to add Ben as a full-time second photographer to my business! Ben has been shooting with me since 2009 as a second photographer, but only when my brides requested a second photographer. Many of the pictures you have seen in my portfolio are ones he has taken over the years. In fact, most of my business cards have his pictures on them! I decided in 2015, I wanted to add Ben as a permanent fixture in all of my packages. I love how much it adds to your experience in having two of us there for the day!

I like having a second for many reasons. In the left and bottom pictures, you get to see the same shot taken at the same time, but from two different views. While I like my picture (the horizontal one), I absolutely love Ben's shot! His is one I have used for my business many times over the years.

Other times, Ben gets pictures I wouldn't even think to get and vice versa. This was taken during a first dance of the bride and groom at the reception. He captured one of my favorite pictures of the family in a candid moment of laughter and happiness.

Another reason why I love having two of us at the wedding is that it allows us to tell not just one story, but two. These two pictures from Ashley and Tommy's wedding are of their first look before the ceremony. Picture this with me. I am outside of the barn taking the picture of Ashley. In fact, I'm just to the left of Tommy, but you can't see me in Ben's picture. Ben is inside of the barn, right behind Ashley. I capture her reaction to seeing him, while Ben captures his reaction to seeing her. If it were just me, I would have gotten a great shot of her looking at Tommy for the first time, but I would have missed out on Tommy's part of the story. Having Ben join me allows for both parts of the story to be told.

We often hear the wedding day is all about the bride, and while this is mostly true, there has to be a groom for the wedding to happen! It's his day too! Too often during the wedding day, the groom gets left out of getting ready pictures or other fun candid, because the focus is on the bride. Not with Ben and me! Having him as my second allows us to divide and conquer. Ben can join the guys while they hang out, play pool, watch football, or whatever it is guys do after they get ready in five minutes!

I am so happy to have Ben as my second. We work consistently together and know each other's strengths and add to them. Between the two of us, we capture every moment of your wedding day perfectly! Two heads, well camera's, are better than one!

WHY INVEST ?

Your first decision as an engaged couple is to set priorities for your wedding planning. You have to decide what you value most. Is it the dress? The food? The Venue? As a bride AND photographer, I believe that couples should make their photography a top priority. After the big day is over, you will leave your reception with a spouse & your pictures.... that's it! All of that planning and preparation is over in a matter of hours! So if you're choosing to invest in high quality photography, those images deserve a classy, elegant home after the wedding. I offer leather bound or canvas covered with a picture Legacy Album for my wedding clients. This is the perfect ending to The Wedding Experience and it's a keepsake that you will be showing your children and grandchildren one day!

Thank You

I'm so glad you contacted me! Enjoy this season of engagement and get excited about your BIG DAY because it's going to be fabulous! Plan and prepare but always remember that at the end of the day, you're marrying the love of your life and that's all that really matters. Congratulations on your engagement and I look forward to hearing from you! Be sure to visit the BLOG to view my most recent weddings!

Love, Mandi
