FAQs

Q: I'd love to book, now what? A: Couples book up to 2 years in advance. Contact me to confirm that your date is available. I love to get to know my couples to ensure that we'll be a great fit. Fun, unique, a little quirky, and up for adventure are my kind of people! I require a \$550 non-refundable retainer to book your date along with a signed contract, all done electronically. Remaining balance all due 2 weeks prior to wedding date.

Q: How will I receive my photos? A: Most of my customers like to have digital copies either sent to them through Facebook messenger. However, I am more than willing to put all the copies of your photos onto a USB Drive. I can also order prints for you and have them sent to you.

Q: We're unsure if we should add an engagement session to our package. Why do you recommend it? A: Think of the engagement session as the trial run to the portraits that will be taken on your wedding day. It gives you and your partner a chance to warm up to the camera and get comfortable being photographed. Many of my couples love to use their engagement photos for Save the Dates and incorporate them into their wedding. With that said, I understand if due to location. No problem! I would be more than willing to travel to you or if that cannot be arranged talk over the phone to get to know each other and hear more about your big day!

Q: Speaking of an Engagement Session...What are the differences between the two options?

A: A full engagement session is roughly two hours in length and you'll receive up to 40 edited digital images. You are welcome to change outfits and visit two locations. Want to adventure to a romantic location and stand under a waterfall? You'll want the full hour session! Travel over 60 miles will incur travel fee. Just looking for a few photos and don't have any exotic location dreams, the 1hr engagement session may be perfect for you. You'll receive 15 edited digital images and the session will take place near Sunbury, PA.

Q: We don't know how many hours of coverage we'll need. Can we add more later?

A: Absolutely! I love to help my couples create a timeline to ensure the day flows smoothly and so you don't feel rushed through portraits. I typically begin coverage 2 hours before the ceremony begins which allows enough time to photograph the details like wedding dress hanging and jewelry before being put on as well as both parties getting ready. If the getting ready locations are distant from one another as well as from the ceremony location, it may be necessary to begin coverage a little earlier or add a second photographer. We can discuss what you feel will work best for you and what you want coverage of.

Q: How far do you travel for weddings?

A: I typically stay in PA but would love to hear about your destination wedding plans! The more unique the better! :-)) Weddings over 60 miles from 17801 are subject to a \$100 travel fee. If due to the distance a hotel stay is necessary, additional \$175.00 fee will be added.
