

At Wish Blossom, we love to meet with all our brides and event planners to listen to the vision of the wedding or event. We then give suggestions of flower choices and create a custom proposal with all the ideas that were presented. We recognize that not all brides' ideas fit into a package and so we therefore customize it based upon your requests. We want you to walk away with a feeling of trust and knowing that your wishes will be carried out. Please schedule an appointment.
