— PHOTOGRAPHER —

“What great gravity is this that drew my soul towards yours?
What great force, that though I went falsely, went kicking,
went disguising myself to earn your love, also disguised, to
earn your keeping, your resting, your staying, your will fleshed
into mine, rasped by a slowly revealed truth, the barter of my
soul, the soul that I fear, the soul that I loathe, the soul that:
if you will love, I will love.”

Donald Miller

I N V E S T M E N T :

We can follow our passion by working on projects that create change in communities we care about.

The investment you make in our vision is what makes that possible we can't say it enough so lets start with it.

RABBIT HEARTED GIRLS

was started by Jules and I to bring community to girls with vision as well as celebrate love by documenting it.

When you add Jules as a second photographer to your wedding you will include her unique way of seeing the world in your photographs as well as allow me to focus more on seeing the moments that are important to you. Jules is an assistant, a photographer and a family-member-wrangler for group shots.

Jules has been learning photography & assisting me for over 2 years. She is building her photography portfolio and entrepreneur skills by working alongside me one wedding at a time.

HELLO,
I'm Alicia,

I started Rabbit Hearted Girls to connect with people like you.
I love poems that feel like a forgotten emotion,
Green tea all day & black coffee in the morning
Waking up with the roosters in Haiti.
Forehead kisses, rebel hearts, unmistakable laughs, late night hikes,
vinyl records, exploring new places & making new memories.
Creating photographs that show love in tangible ways.
