2020 Wedding Price Guide

A travel fee of \$0.50/mile will be added to the total amount after 30 miles one way.
50% retainer is required the day-of booking

Congratulations!

Bride-to-Be

Your Wedding day is a special day that you will remember forever. We will create the Perfect photography collection to capture the special moments of your big day without missing anything that is special to you. Every wedding is unique, therefore we will work closely together to plan the perfect package for you and your wedding budget.

All my wedding collections come with a complimentary Engagement session so you can announce to the world that you are in LOVE. Think of it as our time to get to know each other and become more comfortable with the camera around. Your wedding day will be smooth sailing and stress-free with the practice and planning we will do together.

My greatest joy is capturing your love on your Wedding Day! All the sweet whispers only you two will share, all the cheers between friends and hugs shared.

Enjoy the Everlasting Memories Wedding Experience

All of my Everlasting Memories Couples are special! I'm not a collector of Brides and Grooms! I choose a limited number of weddings each year so that I can give my couple "over the top" service and attention they deserve!

I love getting to know my couples. We will spend most of your wedding day together so let's meet for coffee and get to know each other! We will chat over coffee about all the exciting details you have planned and quickly become friends. We will determine what is important to you and any special requests you have for your wedding photography. A detailed timeline will be developed especially for you and will help take away stresses that may cross your path on your big day. Tell me all about your wedding! I love to hear all the fun details.

We will *plan* out your group & family portraits as well, determining who will be in them and which order. I will take this out of your hands and make your large group photos go quickly and smoothly so that you can get back to your guests and party. I am thanked all the time by my Brides, that they don't have to worry about moving family members in and out of photos, that I took charge and moved it along.

I'm here for you! We will touch base as many times as needed to get your photography planned for your wedding day. I don't mind having coffee with a friend! We will be in contact via email, phone calls, video chats, coffee, texting...you name it, I'm here for you!

Now Let's plan your Engagement Photo Session! This is our time to hang out and get to know each other! Tell me your Love Story! I want to hear all the romantic details...I'm a sucker for Love! We will get you comfortable with the camera and take some of the guessing game out of your wedding photography. This is a fun session, you truly can't mess up because I want to see your silly, goofy personalities together.

As your Big Day nears, we will be in touch and finalize any details for an amazing, smooth wedding day! YOUR DAY! I will send you some last minute tips and reminders and ...oh darn... if we need to meet for coffee again! tehe!

It's YOUR big Day! I'm on it!

We will be together most of the day...so if you need anything just give a shout. I will show up for your Bridal session while you are getting beautified. I'll capture all those fun moments of you and your girls getting ready, Mom lacing up your dress, your borrowed items and a few quiet moments to yourself as you think about the afternoon in front of you. I'll be there for your First look or his first sight of you as you walk down the aisle and Dad's tear in his eye as he gives his little girl away! I'll be there for the giggles as stories are shared during toasts and the first dance as the new Mr. & Mrs. as your guests look on in awe!

So, what are you waiting for? Let's get started planning your wedding!

- Jen Shoemaker -
