# your *Love story*

Every couple has  
a love story.

Let me tell yours.

Your wedding is a unique reflection of you. That's why I love getting to know you personally so I can tell your story beautifully. Sharing all your wedding dreams and details helps me create authentic, meaningful images that reflect the true you. Your unguarded moments. Your natural emotions. All the cherished images of your very special day.

My shooting style is quietly unobtrusive. And my images naturally reveal the expressions of love and commitment that you both share. This is my passion. The heart of what I do. And it shines through in every image.

Your wedding day will be filled with extraordinary moments, intimate, surprising and joyous. Those fleeting moments, captured creatively, are the timeless visual heirlooms that will instantly bring you back to the essence of your wedding day.

Let me tell your love story.

CHOOSING YOUR PHOTOGRAPHER

## Bringing your wedding memories to life

You have hundreds of wedding plans to make. Deciding who will bring your memories to life is one of your most important. When the flurry and excitement of your wedding day is over, it is beautifully captured images that help you revisit the romance, emotion and spirit of an event that passes so quickly.

So, how do you choose the best wedding photographer for you?

### Choose A Photographer Who Values Your Dreams

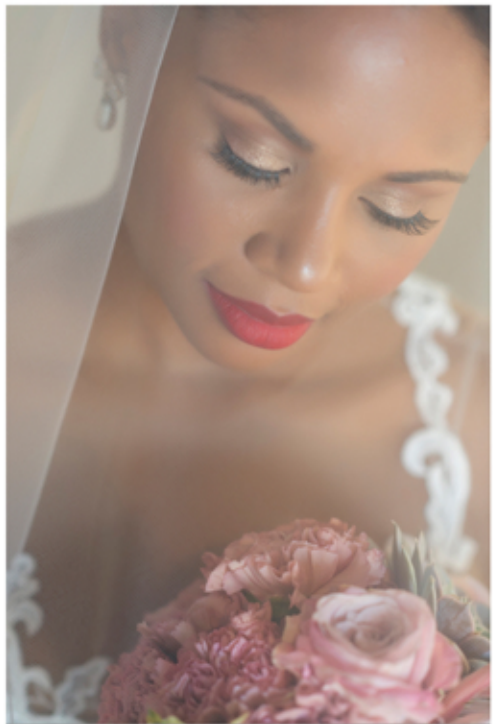

We don't think of you as just a shot list. Instead, I invest time getting to know you and your wedding dreams. That makes all the difference. You will be more comfortable in front of my lens, and your images will have the natural, more authentic feel of true keepsakes.

### View Portfolio Images From An Entire Wedding

We will capture consistent, quality images throughout your wedding day. Details matter. And the subtle nuances of your day are important. We are happy to share entire wedding galleries with you, so you can assure yourself that the quality you expect consistently shines through in every shot.

### Choose A Seasoned Professional

I'm experienced dealing with many different lighting environments and situations. We are committed to professional and timely response to your needs before and after the ceremony. All hallmarks of a seasoned professional. And all assurances that every special moment of your wedding is flawlessly captured.

With two weeks to go to the wedding, Christina already knew who the most important guests were, what photographs we absolutely wanted to take with whom when that would be, down to where we would be standing. It was some of the most efficient project management I'll ever see in my life. Christina's methodology allowed us to create and I mean this...HUNDREDS of photos that we could frame with pride.

ENGAGEMENT SESSIONS

## Show your loved ones how it all began

Show your loved ones how and where your love story began with your own engagement photo session.

Engagement sessions add so much to the story of who you are as a couple right now, and they're an ideal way to become more comfortable in front of my lens before your wedding day.

Your engagement session can be as simple as a stroll through your favorite park, an intimate meal at your favorite café, or even a romantic return to where he proposed — anything you can imagine to share the imagery of your personal love story.

Formal or informal, images from your engagement session are beautiful additions to your wedding collection, and also make a wonderful guest signing book. They help to craft the whole story, and can even be used for Save-the-Date cards, Invitations or Thank You cards.

BOOKING YOUR PHOTOGRAPHER

## The easiest part of your wedding plans

Let's get together — In our office, at your residence, even on SKYPE — I'm flexible. We'll chat about your wedding day, confirm your date, and discuss all the fun details. I'll show you examples of beautiful custom wedding albums and other items that can become your cherished wedding day heirlooms. Together, we'll select the perfect package for your wedding.

Once we confirm the details, I'll prepare your contract. After you return your signed contract and the retainer fee, I'm officially your wedding photographer!

| YOUR WEDDING TIMELINE |

## A smooth flow to your special day

Memorable weddings don't just happen. They take a bit of organization. To ensure a smooth flow of beautifully captured memories of your day, a timeline of wedding events will help guide your planning.

### Getting Ready: The Bride & Groom — 1.5 to 2.0 hours

Plan for some additional time for photos at the salon, and if you're planning a "first look".

### The Wedding Ceremony — 15 minutes to 1.5 hours

The length of your ceremony may vary widely. Afterward, allow more time for formal portraits (if planned) to allow your guests to leave the church or venue.

### Formal Group & Family Portraits — 30 minutes to 1.0 hour

Formal portrait timing can vary widely depending on group size and family/group combinations.

### Wedding Party & The Newlywed Couple — 1.0 to 3.0 hours

Timing can depend largely on the venue, travel time from location to another, the size of the bridal party and variety of poses.

### Your Reception — 2.0 to 6.0 hours

Your first dance, cutting the cake, dancing guests, friends and family sharing your joy.

Remember. Your wedding day is unique, and planning together ensures you don't miss a minute of this special time in your lives.

DETAILS DETAILS

# something borrowed something blue

The dress. The rings. The cake. The bouquet. These, and all the other visual details of your wedding, are small but oh-so-meaningful expressions of all that is unique about you. They are the fine points that distinguish you as a couple, and form the visual texture of tender memories.

I will document those details with care.

REMEMBERING YOUR DAY

## Meaningful connections to your wedding day

There is something about holding a photograph in your hands. It connects you physically to the feelings of a time and place that an image on a screen can't replace. That's why your wedding album is so important. It is a tangible link to your wedding day.

Digital files definitely have their place. But a beautifully crafted fine art album is a permanent heirloom you will enjoy, share and pass down — a meaningful connection to your wedding day that becomes more cherished each year.

### About Your Wedding Albums

*Your album is hand crafted in Europe. It is a piece of art that you will be proud to display at your new home. We custom design your album to tell your visual wedding day story from start to finish. You will get to approve your album design before it is sent to printing.*

Christina is not only an amazing photographer but an awesome person as well. The most important part of my wedding was my choice in photographer so I was just a little picky in choosing the right person. However, I knew immediately after meeting with Christina that she was the one!! Not only is she a warm, kind and bubbly person that is a joy to be around, but she takes FANTASTIC pictures!!

## Frequent Questions

**Q** How far in advance should we book a photographer?

**A** After securing a venue, hiring a photographer is usually the next on the list, it is typical to try 6-12 months in advance and as soon as you have a date and venue. If you are not the plan it way in advance type, fret not. Check with me for availability

**Q** Will you be shooting the wedding?

**A** Yes, I will be the one shooting your wedding.

**Q** Are the digital files included in my collection?

**A** All the photos you get are high resolution unwatermarked JPGs, they will be color corrected and a handful will be fine tuned to highlight your day

**Q** What is an engagement/love session?

**A** You've seen the wedding blogs, the bridal magazines, and the professional looking shots on Facebook of your engaged friends laughing and kissing each other with the sun setting behind them. In the industry, it's called engagement or love photography, but essentially it's just a chance for a professional photographer to capture two people in love, who want to share it with the world, or even just between themselves. More than that, it's an opportunity for you to work with your photographer for the first time. It's an opportunity for you to see how I shoot and for me to get to know you better as a couple. If you haven't had a photographer move with in inches of you to take a photographs, it can be a bit intimidating at first, it's a good way for me to help you get comfortable in front of the camera so that there's no surprises on your big day.

**Q** Do you work with a second photographer?

**A** I always work with an assistant/second photographer. This frees me up to focus on shooting and looking for those special moments while ensuring that between the two of us, we don't miss any important shots, the 2nd shooter offers a different and complementary perspective and allows us to work efficiently together throughout the day.
