So many venues, so many options! I know, all this sounds expensive, so let's talk money. If your budget looks anything like this: Venue \$2000-\$3000 · DJ \$750 · Catering \$12-\$15/person (\$1500) · Wedding cake \$4-\$5/person (\$400) · Renting tables/nice chairs? Need a Bartender/Security/Champagne? Buying your own linens, overlays, centerpieces, cake table accessories? It all adds up.

If so, then our Sweet Spot Package is in your budget with all this included PLUS you will have an experienced wedding planner who meets with you in advance to discuss your décor, timeline, etc., and answers your questions. An outside Wedding Planner with this type of service usually costs about \$1000. She manages your rehearsal 1-2 days before your Wedding Day, calls vendors ahead of time to confirm details and arrives early to meet & direct them. Our desire is for you to show up, get dressed, say I Do, celebrate and leave the clean up to us. This package begins at \$5365 for 50 guests. Many venues cost \$2000-\$5000 and come with tables and chairs. Our packages include so much more!

If your budget is smaller than mentioned above, check out the Brunch or Friday Night Highlights Packages that include the same services, food, DJ, and cakes. Sometimes our packages sound expensive, but when you break it down, or maybe I should say, add it all up, we provide the service needed to make your day so much less stressful, at a very affordable price.
