Hey angels!

My name is Laura, your AI and hype gal for all your wedding prep needs and MORE. I am the Lead Photographer and Owner to L + S! Having been a photographer for some years, there is still no better feeling than being allowed into our couples most priceless moments.

We are proud to have been featured with some of the most well-known wedding companies and recognized locally and globally, receiving Best of Weddings consecutively. If you have made it to our client guide, you are probably DEEP in the wedding planning process or maybe you have just started! Either way, take a peek through here and hopefully we are the right fit for you!

What to expect

My style is something I have spent a long time perfecting and I would say for certain we are romantic imagery to a T. We exude a bold style that enhances your natural beauty and offer those timeless photos for our classic lovers. I always let our couples know that the experience with us is very personal and that's what we strive to exhibit. **YOUR LOVE** but let's add some **RAZZLE DAZZLE, BABY!**

I edit in color, black & white, and even vintage/film style. My galleries are quite **LARGE**. Ask anyone. There is no limit to how many photos you will receive. We do offer second photographer options for our couples and that easily adds hundreds more images to your already maximized gallery. We deliver your sneak peeks a few days after your wedding day and galleries 4-5 weeks proceeding.

EVERY. SINGLE. TIME.

Payment is very seamless and as stress free as possible. We require a deposit to secure your date with us, a signed contract, and agreeable payment plan options. We outline ways to pay, extending to all our client's needs. I never want investment to interfere with the chance to work together, so we offer custom quotes per request as well as our normal package pricing.

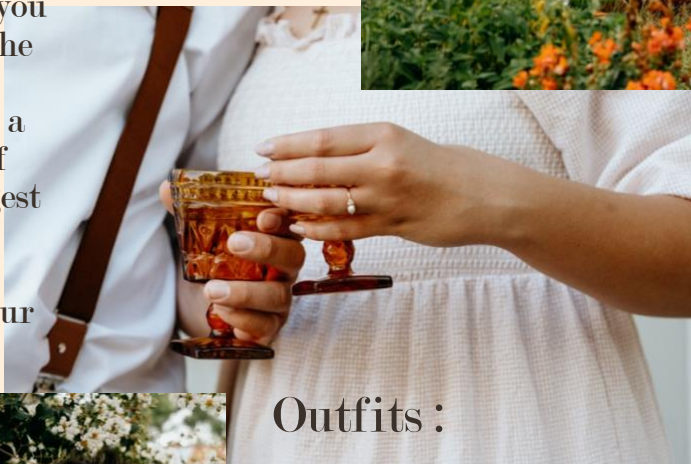

Engagement Session

Location :

\$200-\$500

THIS is MASSIVE. Let's talk why. First! Every single one of you are different. Meaning the things you love are different. So, start there! You need to ask yourself, are you into the outdoors? Or, would you two prefer a cityscape? Are you adventurous? (I will hike all day for the perfect spot, FYI) Is homey and cozy more your vibe? What about capturing a fun date night out? There are a TON of possibilities and I will ALWAYS suggest a multitude of options if I can, but be prepared for all these questions! Remember, location says a lot about your love. **SHOW IT OFF!**

Outfits :

This session is another reason to dress UP! Wear those wedding colors or wear another white ensemble! Either way, dress in what makes you feel good. OR: We recommend white, black, neutral tones. Keep it chic and classy so you feel your absolute best!

We do NOT love neon. (sorry fam, I love neon but she isn't right for engagement photos, unless your theme is RAVE, in which case, I'm ALL IN.)

Bring extra shoes to walk in so your feet don't hurt in those dress shoes. **THIS IS FOR EVERYONE.**

Also, **BRIDES:** This is a great opportunity to have your hair and make-up trial done to see how wedding day will feel!

Just need some tips because you are feeling lost? **ASK ME ANYTHING!**

Wedding Day Tips

- 1.) Creating a custom shot list with me prior to the day so you have **ZERO** worries. Just drink that mimosa baby and look cute in those “MRS” PJs you got on. They have fur on the them? **STOPPPP**. Adorable.
- 2.) Brush your teeth. **TWICE**. **HAHA**..Seriously. Bring an extra tooth brush or mouthwash. Fresh breath for the first kiss is always better than smelling like tequila or worse, being hungover from the rehearsal dinner. ***AHEM*** cough **GROOMSMEN** cough. We see you and trust that I might hand you a hydration packet.
- 3.) Having all the details ready for when we arrive so we aren't in your way as you're getting ready. Some just put everything small in a box and hand it to me! If you are planning for us to take dress, flat lay, or venue shots, plan for about 2 hours of our allotted time to be **JUST** that. It's worth it I promise. That way we aren't rushed and you aren't stressed. **WIN WIN**.
- 4.) Make sure you scout out your “First Look” locations if you haven't already done so, so when the moment comes you aren't worried about dodging guests. **AND** so that way we can get people to skedaddle so they aren't in your shots!
- 5.) Allow us to guide you during portraits time to the best locations with the best lighting. We always want you to look good so give us the freedom to find those special spots at your venue!
- 6.) **SMILE**. **SMILE**. **SMILE**. Especially during the ceremony. Don't forget to keep your head **UP!** But if you need to cry baby, by all means, **Let. It. Out**. We will be constantly snapping away and those tender moments are everything.
- 7.) Ask your coordinator to schedule about 15 minutes at golden hour for some extra portraits if we didn't already get some. Just a few shots to remember the best day ever accompanied by the best sunset ever! **IF** it's raining?? **GIRL**, no problem. We have a clear dome umbrella that is adorable for some moody romantic shots. Do not fret. Your coordinator and I **GOT YOU**.
- 8.) **AND LAST BUT NOT LEAST**.

TRUST ME BABY!!!!

I will not allow you to feel out of place. Look bad. Feel not pretty. **YOU ARE A SHINING STAR**. I will fix that hair and your veil a thousand times and wait patiently for you to feel ready. We are there for **YOU**. Let us be a piece of solitude in a busy day. Let us be a friend who will help you in and out of your shoes. Breathe. It will be the most amazing day.

Frequently Asked Questions

Q: Why should we hire you for our big day?

A.)EASY. You want someone you can count on? You want absolutely jaw dropping images that you are proud of? You want to showcase your timeless love that you will look back on for years to come? We are the ones for you!

Q: Will there be a second photographer?

A.)YES. If hired! We **HIGHLY** recommend adding a second photographer for larger groups and if the bridal party is getting ready at separate locations! SO worth the investment!

Q: Do you edit all our photos?

A.)Of course! We never deliver RAW images. And we kindly let our couples know the time and care it goes into creating masterful images for you. Altering the images of any kind is not only hurtful to our art, it is classified as copyright infringement which is an illegal act. Please friends, communicate if you need to use the images in other facets.

Q: Where do you live & how far do you travel for weddings?

A.)We are based out of San Antonio, TX currently but we will travel all over for you guys! We can discuss our travel fees privately and incorporate them into your overall package pricing!
