

LAUREN FISHER PHOTOGRAPHY

WEDDING

PRICING GUIDE
2024

WE ARE A TEAM OF WEDDING PHOTOGRAPHERS.

OUR PASSION

We want to photograph incredible wedding day images that you will love and cherish for a lifetime while also providing an easy, enjoyable experience from start to finish. We understand that not every bride or groom has the same budget for their wedding day, but that doesn't mean the quality of service should suffer! Our team is prepared to quickly answer any questions you may have and help guide you with your wedding day. Each photographer on our team is trained to photograph your day in a similar style, but as artists each photographer will see the day through their own eyes which makes each one of the girls unique! Take some time to explore each photographers' gallery of wedding images on our website to see who you want to photograph your wedding day!

MEET THE TEAM.

We are a team of photographers who specialize in classic, romantic, full of life wedding photography. We have 6 lead wedding teams that can accommodate different styles, price points, and availability. Each photographer's pricing is a reflection of experience in the wedding industry and is priced accordingly.

The Finao ONE™ is an edge-to-edge flush mount album printed on Fuji lustre photographic paper. It combines custom craftsmanship and handmade details to make your album one to last a lifetime. It's your book, done your way. Break the mold with a bold statement or stick with classic designer appeal, ONE™ is the flush mount album that has it all, and it proves that the best quality is anything but boring or expensive. Parent and duplicate album discounts available.

8in x 8in	\$800
6in x 6in	\$600
4in x 4in	\$400
Extra Spread	\$25

FREQUENTLY ASKED QUESTIONS.

How do I book a wedding with LFP?

Most couples decide to have a consultation (in most cases these days over the phone, but in person is fine too) with the photographer they're leaning towards. If they feel it's a good fit, they reach out to Anne through email and say they're ready to make it official! She will then send over an online contract and deposit invoice, and when they're completed the wedding is booked.

How & where can I schedule my engagement session?

Engagement sessions can be photographed at any point during the wedding planning process. When you're ready, reach out through email and we will get you scheduled with your photographer. Sessions usually take place on weekday evenings about 1-2 hours before sunset when the light is best for photography. Weekends are difficult because of weddings, but if you live far away, we will do our best to accommodate. If you have a location that is special to you, or a vibe you're going for, let us know and we'll work with those ideas. If you have no idea where you want the session to take place, that's fine too and we will help you out! We have a private link we can email to you that has samples of locations where we photograph.

Can I remove my engagement session?

Engagement sessions are included in our wedding collections because this time is very valuable to our photographers. It helps everyone involved to know what to expect on wedding day and creates trust between our team and our couples. That being said, we understand that there are situations where our couples don't want or need an engagement session. If you would like to remove it from your collection you can take \$200 off your collection cost.

What if my lead shooter is unable to be there on my wedding day?

This is an extreme rarity, but there could be a case where a situation outside of our control could prevent your lead shooter from being able to shoot your wedding day. This is one of the best reasons to book a photography business that has a team of talented individuals. We would make sure you're covered with another photographer on our team as the first option. If that's impossible, we have been around for years and have great relationships with many local photographers who are equally amazing. We will never leave you hanging!

Will my photographer help me with my wedding day timeline?

Absolutely! A few weeks before your wedding, you will receive a questionnaire about your wedding day details. Your photographer will look over your responses and will then have a timeline phone call with you to discuss, answer questions, and create a photography timeline with you! This phone call typically takes place about 2-4 weeks before your wedding.

FREQUENTLY ASKED QUESTIONS.

What if I need more hours on my wedding day closer to the date?

We can usually figure this out during your timeline phone call. If you'd like to add hours to your wedding day at that point, we will invoice you accordingly. Extra hours are billed at \$400/hour (Lauren, Holly, Erin, Claire) and \$300/hour (Morgan, Reagan).

When are my payments due?

When you book your wedding with us, a deposit of \$1,000 will be made alongside your contract. After that, you're in the clear until 4 weeks before your wedding when your final balance is due! But don't worry, we will invoice you so you don't need to remember dates.

Are there any additional fees outside of the collection cost?

We have to charge 6% sales tax on all PA weddings so don't forget to factor that into your budget! If your wedding is outside of a 50 mile radius or if your engagement session is outside a 25 mile radius from our studio we charge a travel fee of \$0.75 per mile.

How many photos will I receive in my wedding gallery?

We tell the complete story of your wedding day and don't limit the amount of photos we deliver to you. That being said from experience, an 8 hour wedding day with 2 photographers typically ends up being about 800-1,200 color corrected photos for you to view & download.

What's the turnaround time for when I will be able to view my engagement & wedding photos and how can I view them?

We turn engagement photos around in 2 weeks and you can expect your wedding gallery to be delivered within 4 weeks! We put the photos onto an online gallery that will be emailed directly to you. If you have purchased the digital files you can download them straight from that website with one click. There will be a watermark on the images on the website, but the watermark will not be on the downloaded files. Want to see a sample gallery? Just email us and ask for one!

Are my photos high resolution?

We give our clients high resolution jpegs that can be printed up to a 20 x 24 inch . If you would like to print a larger image, just email us and we'll email you a larger file to print.

Can I get an album after my wedding if I decide I want one?

Sure, you can order an album anytime you want! We reduce our album prices when they're purchased initially in a wedding collection, but we will work with you on an album design whenever you'd like to add one.

Can I customize my collection?

You may customize any collection except for the white collection. Sometimes clients ask to add 1 hour to the white collection, but our maximum amount of wedding day hours for 1 photographer to photograph alone is 6 hours. Therefore we cannot add an extra hour to the white collection without also adding a second photographer.
