AUBREY MCCREADY

WELCOME

Hi, I'm Aubrey.

I'm so happy you're here! I've been a photographer for over 10 years, specializing in wedding photography for the past 7 years. With a degree in graphic design, I have developed an eye for design and composition, allowing me to create captivating images that tell honest stories. Photography is not just a job for me; it's my way of honoring the beauty and significance of love stories and this world we live in.

Besides photography, I have a deep love for music which fuels my creativity and inspires me in everything I do. I also have a bit of an obsession with wake surfing on Lake Tahoe. When winter arrives, you'll find me skiing in the backcountry and enjoying the incredibly beautiful terrain this place has to offer. My husband and I got married in Tahoe City in 2017 and have enjoyed life together here ever since.

Having gone through the loss of both my parents, I know firsthand the immense value of capturing moments with the ones we love. That's why it's important to me to create authentic connections with each couple I work with, telling their unique story in a way that feels organic and true to them. So, let's make some magic and craft those timeless treasures you'll revisit again and again throughout life.

With love,
Aubrey

FREQUENTLY ASKED

How do we get our images and how many do we get?

All images will be delivered in an online gallery and a minimum of 50-100 edited images are guaranteed per hour booked.

What happens if you get sick?

I will never abandon you! If something horrible happens like an unexpected hospitalization, then you are guaranteed a replacement as good as me! I will have the associate photographer shoot the wedding and I will edit the gallery so that your images will be consistent with my style.

How much is travel?

If you are booking me outside of Truckee/Lake Tahoe, then travel costs will be added on top of your chosen package. Travel costs include (if needed) a roundtrip flight, rental car, and hotel accommodations. To make it easy on you, I will arrange all accommodations around 3 months before your wedding; doing this takes stress off of my clients and keeps cost as low as possible. Average travel cost in the U.S. ranges from \$800-1,500. Within Northern CA, only 2 nights of accommodation are needed for the night before and the night of the wedding day.

Why would I need a second or extra shooter?

If you are getting ready in separate locations then a second or extra shooter is a must have. It is also good for double the angles and double the views. A second shooter is ideal for clients who have bigger weddings because the second shooter can, for example, photograph guests and details while I capture the post-ceremony portraits like family photos, full wedding party, and more.

What is required to book?

To secure your wedding date, I kindly request a 50% deposit at the time of booking, along with signing the contract. This deposit ensures that your date is reserved exclusively for you. As we approach your special day, the remaining 50% of the payment will be due one week prior to the wedding. By taking care of all payments in advance, you can fully immerse yourselves in the excitement of your wedding, knowing that everything is taken care of. Rest assured, all the specific details of your booking will be clearly outlined in the contract. If you have any additional questions or concerns, I am always here and available to assist you throughout the entire process.
