

W E D D I N G S

Let's change things up and move past the crazy locked down packages! Just select what you need to fit your wedding without all the forced "extras" that just bloat your budget. Create a wedding that is you, live your wedding day that is you and select a wedding photography package that fits you! Yes, selecting a package can be that simple!

just a few things....

- What is "All Day" photography coverage? It is my way of telling your whole story organically rather than faking events. If your hair appointment is at 8am, I will be there and I will keep photographing all the way through the reception. Once it is time to just drink and dance, I will usually start to work my way home, but if you have something awesome planned, I have been convinced to stay :) It can make for a long day but it is my commitment to you and telling your story.

- I love the sharing photographs in the digital world and fully embrace letting you do the same. That is why all my clients get a PASS gallery for sharing their photographs on Facebook, Pinterest, Twitter, Emailing, Downloading and ordering prints that will start at just \$1 for a 4"x6" print. New to PASS? Check it out, right here!

- If either of you are active military or if you have an off peak wedding (November-April or a Friday/Sunday wedding) it would be my pleasure to offer you a discount, just contact me for details!
