# HELLO!

Oh hey there, hey! Jack and Jude here; we're a wily pair of sibling photographers with a love for anything smothered in Nutella and a penchant for quoting James Van Der Beek movies—don't get us started, please... please?

Anyway, let me tell you a little about us: As you may have guessed, we're photographers and the sole owners of Hollyglow Studios LLC, which we founded back in 2013. Our specialty is weddings and engagements and we're the best at our craft. This year WeddingWire honored us with their coveted Couple's Choice Award for 2019. Why are we good??? Because we love everything about our job; we love meeting our clients and talking about the most memorable day of their lives and we love making that day (that love) immortal through your photos.

Perhaps the most important quality we bring to your wedding, aside from the industry's best equipment, is the ability to put everyone at ease and make 'em laugh—oftentimes at our own expense (thanks a lot Jack). You can see it in our real-world albums on hollyglow.com; the smiles are genuine because the happiness is REAL! Think of us as not just your photographers, but as your friends and especially as a family that can help make your wedding day a smashing success.

Let's do this thing together, OK? Just give me a call or shoot me an email!

## the engagement session

Before I get into the details regarding my wedding photography services, I first want to fill you in on my engagement sessions! Some of my wedding packages actually include an e-session, so it's important that I tell you all about them.

The question I receive most about my engagement session is, "What are engagement photographs for? Everyone already knows we're getting married!"

That's an excellent question and I have an excellent answer.

In addition to giving you the opportunity for a steamy, lovey-dovey hour or two with your soon-to-be-spouse, engagement sessions actually serve a utilitarian purpose. Many people use their engagement sessions for their "Save the dates," wedding planning website, invitations, or even as an announcement to the world that they're tying the knot. A lot of couples even use photographs from their engagement session for wedding thank you cards.

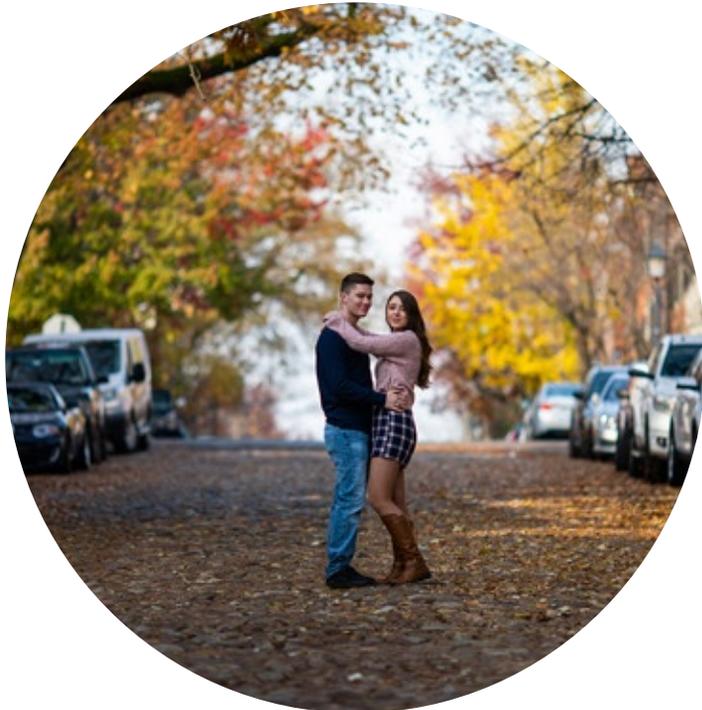

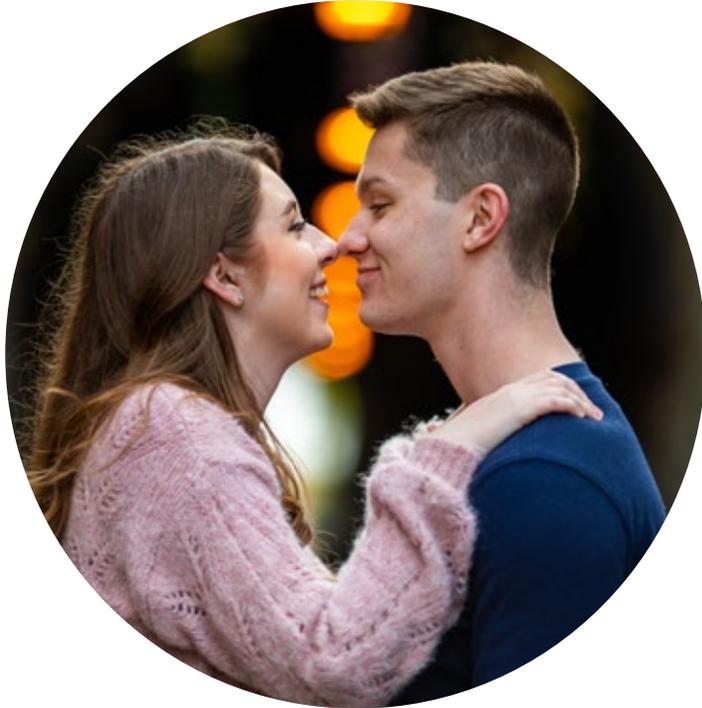

Not to mention, e-session photos give you a chance to show off that gorgeous ring a little bit more (it can be very hard to capture it with a snap and shoot camera). I'd wager a guess that you have loads of people asking you for pictures of your bling!

As for how the e-session goes down, it's all pretty straightforward. You and I work together to create a customized session. For example, we can shoot at the place you two had your first date, head to your favorite park or go somewhere that makes you just bubble with love from the inside out.

Regarding what you wear, I always say to wear what you feel comfortable in. As we customize your session, including the location and props, I'll provide you with tips and advice on how to dress for the day of your session. And, of course, you can always bring a few different outfits and options for the shoot.

As I mentioned above, some of my wedding packages come with an engagement session. If you want to just have me do your e-session photos, though—or if you want to tack it on to a different wedding photo package—I charge \$350 for the session. That includes two hours of time, unlimited outfit changes and a \$75 credit for gift prints!

If you have any more questions about e-sessions, don't hesitate to ask!

## WHY BOOK WITH US ?

OK, so I know that as a professional photographer who's been doing this for what seems like a bazillion years, I should totally just tell you to book your wedding with Hollyglow Studios and be done with it. For me, though, booking a wedding photographer is a really, really important decision that you shouldn't take lightly.

First and foremost, I believe that you should book a wedding photographer who captures the types of images you love. In addition, I believe that the wedding photographer you choose should be someone whose company you enjoy. After all, you're going to spend a lot of time with that person on your big day! They're basically going to be your shadow!

If you love the images you see on [hollyglow.com](http://hollyglow.com) and in this packet, that's just one reason why you should book with Hollyglow Studios. Another reason? We do all our post production in house—that's right; everything we do to make your pictures magazine worthy, including color-correction, lighting-adjustment, blemish and wrinkle-control is NOT exported overseas for the purposes of exploiting cheap labor—yeah, that's a thing and we think it's lame.

The coverage you get from Hollyglow Studios on your wedding day depends on the package you choose. Every package, though, includes coverage of your actual wedding day (ceremony and reception) with us, Jack & Jude, as your photographers.

From there, you can upgrade to additional coverage. You can also upgrade to additional hours of coverage. For example, some brides love to have a photographer there while they're getting their makeup and hair done.

No matter what package or add-ons you select, the photos from your wedding day will be beautiful. I take both journalistic/lifestyle images and also posed shots. From the moment you secure your date with me, we'll work together to make sure every single image you want is captured on your big day.

Check out page nine and ten of this welcome packet to see exactly what we offer in terms of wedding day coverage. And, as always, if you have any questions you can shoot 'em at us and we'll answer them straight away!

# WEDDING DAY COVERAGE

# TIPS & TRICKS

## ONE

Do a trial run of your makeup and hair. Both of you! If you can, photograph yourselves with trial hair and makeup to see how it shows up on camera. Then, make any appropriate adjustments.

## TWO

Choose all the appropriate undergarments for your big day. From your crinoline slip to your bustier to shape wear, what you're wearing underneath your gorgeous dress matters. Those items play a major supporting role -- literally!

## THREE

Relax. I know it's easier said than done, but when you're relaxed and happy, that makes for some gorgeous photographs!

## FOUR

Be mindful of your posture. When I'm posing you for your formals, I have no problem reminding people to stand up straight. However, I can't exactly interrupt the ceremony should I notice slouching!

## FIVE

Don't be afraid to laugh or show emotion. This is your wedding day! Emotion is good! Let it spill out of you like the ooey goeey Nutella does in my fabulous cookies!

## SIX

Trust me. I'm here to help pose you so that you look your absolute best in every single photo. I'll make sure you're in the best light, posed the best way and against the best backgrounds for all your pictures.

## reviews

“Hollyglow was so professional. They came so early before the ceremony and captured all of our greatest moments from the very beginning of the day to the very end. Their ideas for poses for the pictures were also so great. They were also very kind and upbeat. I highly recommend them!!!” —Alexandra & Chris

“Jack and Jude from Hollyglow studios really made our day. The photos were amazing and they were really fun to work with. They were there on time and easy to communicate with. I would recommend them to anyone.” —Lindsey & Bruce

“Hollyglow Studios did the photography for our recent wedding and they did a truly EXCEPTIONAL job from start to finish. Jude and Jeff got all the photography that needed to be done of both the bride getting ready and the groomsmen posing at the venue. Once the ceremony and reception got underway they were everywhere. You could hardly turn around without one of them taking a candid shot or seeing up a pose shot. They took a ton of really excellent high quality shots and never once got in the way or disrupted anything. They were polite, professional, and friendly. They also had EASILY the BEST PRICE in town. HIGHLY recommended. We would use them again in a heartbeat. If you sign them you will NOT be disappointed.” —Danielle & Andrew
