Linen Package – beautiful and affordable \$1100

I don't know about you, but I paid for my own wedding and I needed some lower cost alternatives that were a good deal. This is for a bride who wants most of the day covered but are on a tighter budget. You will get 5 hours of coverage and you get to choose what time that starts! I would come as a solo videographer and document the six consecutive hours with close ups and wide shots. During the ceremony, I will get a wide shot and some close ups of the bride/groom but no audio of the ceremony. With this package you get to choose whether I focus on the bride walking down the aisle or the grooms reaction. Then everything will be edited together in a montage with music underneath it and you will be able to download it from Vimeo. You will also receive a link that is shareable on all social media platforms, so your family and friends can watch it!

Silk Package- elegant and decorated \$1900

This is 6 consecutive hours of coverage plus you are able to hear your vows and have the preacher or officiant narrate your story. You get to pick what time I start and I will be there to capture the bride getting ready, the inside of the ceremony location before people arrive as well as all your details that you have put so much attention into creating. During the ceremony you will have two cameras (with one operator). You will be able to see the bride entering as well as the grooms reaction as he awaits his bride. You are also able to hear what you, your groom and the officiant said during the wedding! Then I use that to edit a story together with the footage of the day. You will be able to download the finished version from Vimeo and you also receive a link that is shareable on all social media platforms.

Fur Package- lavish and fancy - \$2700

This is 8 hours of coverage from start to finish. You get two camera operators which means you have everything covered from the bride and groom getting ready to the ceremony location before guests arrive as well as every detail. One of us will be with the bride and one with the groom as you guys get ready. During the ceremony the groom and officiant are mic'd to ensure we get to hear everything that was said. And since there are two cameras covering your day... you get two angles during the wedding so we can be up close to see the bride and the grooms reaction as the bride walks down the aisle. We will get close ups of the

exchanging of rings, the special moments you might have and that first KISS ☺! With two people we are able to cover more ground and so you would get more creative shots of the location and all the people who make your day special! We will also have time to do an interview with you and your groom separately so you guys can leave each other a sweet message about your thoughts of the day! This package includes a finished video on Facebook shareable to all your friends, a high res version mailed to you on a jump drive plus a copy of all the RAW footage.

ALA CARTE!-

All day footage- \$450

You may purchase all the RAW Unedited footage of the entire day including getting ready footage of the bride and groom, the ceremony (with audio if you select the second package) and the reception. This will be mailed to you on a jump drive after the edited version is approved.

A part of the day footage- \$150

If you would prefer only a certain section of RAW Unedited footage of the day you may purchase these separately. You may choose to purchase the getting ready footage only, the ceremony only or the reception only for \$150 each.

Extra Hours- \$150

If you would prefer to add on any additional hours over those included in the package, each additional hour is \$150.

To secure the date ½ of payment must be made along with a signed copy of the video agreement that will be drafted by Buell Productions after the client selects the package. Other ½ will be paid at wedding. Any shoot thirty miles from Alpharetta, GA is considered out of town and will be the standard mileage rate of .57 cents a mile. Margaret Buell Productions has two locations – Starkville, MS and Atlanta, GA. Both are considered local when booking a wedding within a thirty-mile radius. Once client selects a package, Margaret Buell Productions will contact the client to talk about specifics of the wedding, and what the client would like covered during the day. Then a video agreement is drafted and signed by the client and mailed back with the ½ down payment.
