# *The Park Theater*

---

*The Park Theater is a stunning wedding venue located in the heart of downtown Glens Falls, NY. The exciting city setting combines with the elegant interior to create a romantic location for exchanging vows and celebrating with loved ones.*

---

The historic Park Theater was constructed in 1911 and has been host to many weddings over the years. This charming and refined space is the perfect backdrop to host your wedding ceremony and reception!

As the first of its kind in Glens Falls, The Park Theater was home to many silent films and vaudeville shows until its initial closure in 1935. Two years later, the building was purchased by The Glens Falls

Post Co. and converted into a printing plant. In 1984, the building was purchased by Dr. Harold Kirkpatrick in the hopes of using it as a performing arts center. In 2014, the building was purchased by Elizabeth Miller who fully renovated and restored this beautiful, historic building into a state of the art performance space and restaurant.

From the ornate lobby with a domed ceiling and sparkling chandelier, to the 2,000-square-foot venue space with handmade stage proscenium and rich hardwoods, The Park Theater is sure to lend an elegant touch to your wedding event. The main stage of the theater offers an incredible backdrop for romantic wedding photographs.

The Park Theater takes pride in its ability to deliver exceptional luxury experiences for wedding events of all sizes and styles. Our commitment to making meaningful memories extends to our hospitality, and we are honored to be a part of your special day.

We provide a range of services such as bar rental, decor, furnishings, and professional lighting and sound rigs. To facilitate the decision-making and organization process, our team is available to guide couples through the coordination procedure.

From your first visit to this venue to your last dance, the staff at The Park Theatre hope to make your occasion as special as those celebrating it!
