

WEDDING PHOTOGRAPHY PACKAGE GUIDE

Daniel Adams Photography

About Me

Capturing authentic moments for clients is the driving force in everything I do. That drive and passion are what wedding photography should always be about!

My clients choose me because they trust that I'll tell their story in an honest way, jam-packed and full of life, joy, and fun!

My Style

I'm very outgoing and detail oriented, yet relaxed, empathetic, and have lived a rather diverse life to date. My style is knowing that photography is a connection to life. A connection to seasons in our lives with family and friends, and each person's uniqueness. Having photographed people in 46 states and 4 countries, my ability to empathize and connect with couples of all walks of life affords you the opportunity to connect with your photographer on a level that makes for a fun and immensely rewarding experience that you'll never forget. As a photographer, if you can't truly feel what you're looking at, then you're never going to get couples to 'feel' anything when they look at their photos.

Fun Facts

I love coffee and probably consume an unhealthy amount of it almost every day. I enjoy the rush of obstacle course racing, prefer mountains and trails over cities and sidewalks, and am a bit of a geek. I'm outgoing with a calm yet energetic personality.

I'm an oversharer, if you couldn't tell already, and I put away abandoned shopping carts. A father of four, five if you've ever known a Bernese Mountain Dog and I am married to my best friend and business partner Rachel, who is also a registered nurse.

Testimonials

- JW

Dan took the time to get to know us as a couple first, not just clients. The first thing he did was learn about us and hear our story. He worked with us on our wedding day to capture the best moments, even when started to rain! Communication with Dan leading up to the wedding day was fantastic. He captured our special day thoroughly, bringing out the personalities of our whole wedding party beautifully. Dan was very engaged in the process of finding out what we wanted and he was very responsive and understanding when we had questions or concerns. The final result clearly had a lot of time put into it judging by the quality and consistency across the whole final portfolio.

Where do I begin?? Daniel and his daughter Maci were AMAZING. Not only did they take amazing photographs of our wedding, they were so down to earth and such a calming presence while getting ready. I can not recommend them enough. Thank you so much for making our day so special!!!

Dan was so easy to work with! Timely, engaging, professional and very communicative and kind! Easily the best experience with a photographer to date. On time and delivered everything he promised and more. His work is beautiful! There was not a shot he missed on our day. With all of the stress we had with planning our wedding in a pandemic with possible riots the day of our wedding he did not miss a beat and went OVER and BEYOND our expectations. We love our photographs and we already re- booked him for our daughters college graduation photos - officially our go to for our life events. Do not pass up a chance to have him shoot your special day!

- Jacob C

Dan was amazing to work with. The day of the wedding he showed up on time and stayed a little later. He even stood out in the cold with us (January night time wedding) to get the perfect shots. Dan and his daughter/assistant were very accommodating to what we asked during our time with them. My wife and I couldn't be happier that we chose to have him photograph our special day!! Look forward to seeing all our photos!!! I highly recommend anyone looking for someone to capture your special moments, Dan is the man for the job!!
