## Wedding Photography Packages

Our approach and philosophy is simple. We want you to have an amazing time and we are going to do everything possible to ensure that happens because we want to have an amazing time with you. We want you to laugh and enjoy every element of your day. We aren't stuffy humans who will force you to pose in awkward groupings or ask you to do anything that makes you feel uncomfortable in front of the camera. We take an organic and free spirited approach to everything that we do.
