

Prancing GUIDE

As love grows within you,
so beauty grows.
For love is the
beauty of the soul.

St. Augustine

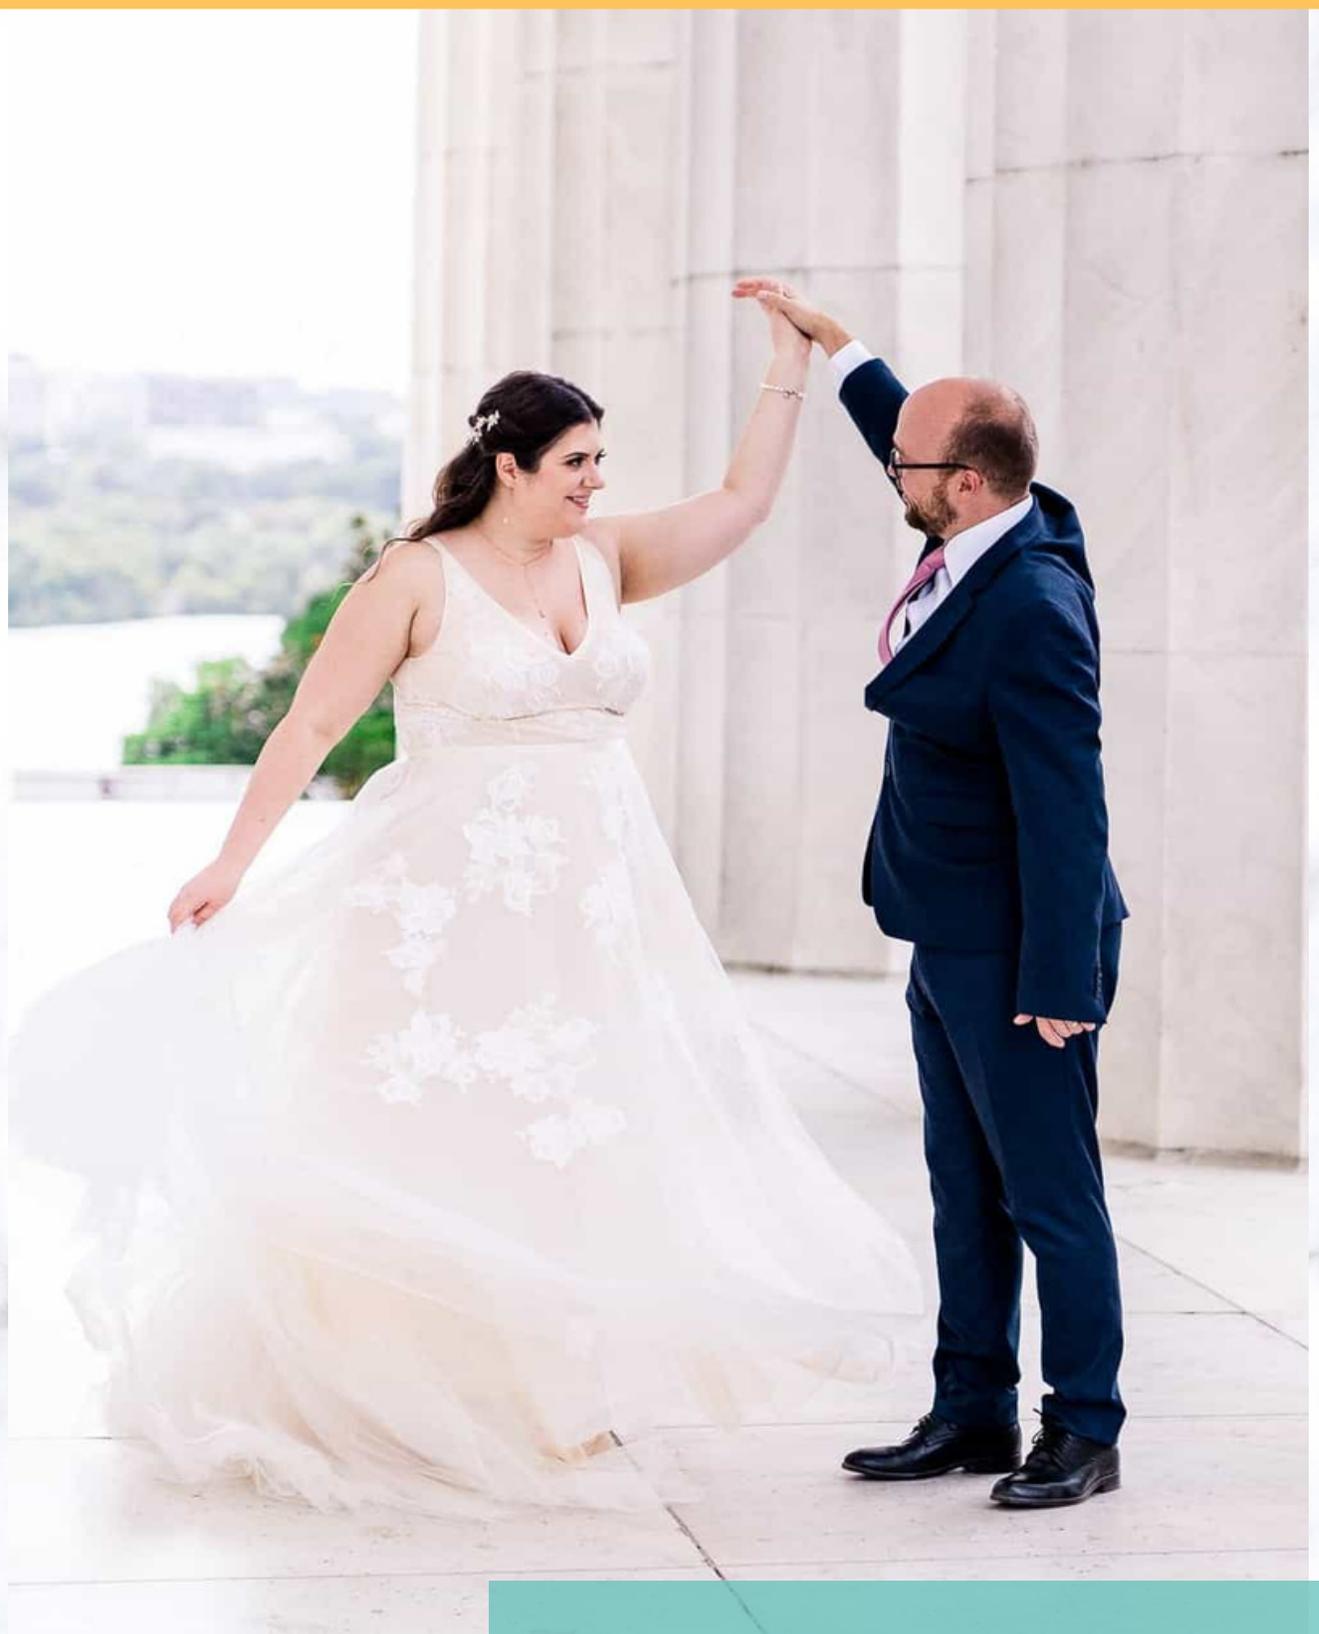

Who we are

Founded in 2017, Beauty of the Soul Studio was created to fill the need for wedding photography "for the intentional" - the brides + grooms who are choosing to celebrate their marriage, not just throw a good party. Our goal is always to capture the beauty of the "soul" of your wedding with bright, bold, and romantic photography.

The Engagement Session

The engagement session is the perfect opportunity to practice getting cozy in front of the camera, and get to know your photographer a little better! To make sure you have the perfect session experience, we cover the cost of any permit fees charged by the location you choose (up to \$250 value). We'll also give you as much help as you'd like with styling outfits for the session, and permit up to 2 outfits per engagement session. The session lasts anywhere from 45-90 minutes. You receive your fully edited images within 6 weeks of the session via online gallery, along with a print release.

The Wedding Day

Once you're ready to say "I do," we're going to be ready to celebrate alongside you! As the person you often spend the most time with on your wedding day, we're honored to be able to contribute an attitude of positivity to our time with you, while using our years of experience to make sure your day runs smoothly. While we'll never interrupt your experience of the wedding day, just to get a good photo, we'll strategically prompt you for a smile or kiss so your gallery includes powerful posed images alongside those sweet candid moments. After

the wedding, you'll receive your fully edited images within 8 weeks of the big day via online gallery, which you can share with friends and family without any additional charges, along with a print release.

The Album

Your wedding day is a once in a lifetime experience, but those memories can fade fast. We think it's critical for our clients to get their images printed in an album that will stand the test of time, which is why we offer these stunning heirloom albums (and gift them to any client who books 8+ hours).

We offer these albums because they are rated for a 100 year lifetime with regular display and 200 year lifetime in dark storage. They look and feel far higher quality than what you can purchase from a consumer lab. You receive a 10x10" album on thick, layflat pages with 20 spreads to tell your wedding day story, and wrapped in your choice of a variety of genuine leather, linen, velvet, or a photographic cover options. We'll handle the design work for you and provide you ample opportunity to provide feedback so the album reflects your personal favorite memories of the day to share with friends and family for years to come.
