

## Professional Photography for your Wedding Day

*From start to finish Heather was incredible to work with! My husband and I are still obsessing over our photos 6 months later! At first contact, Heather felt like an old friend. She clearly loves her job so much, and that energy is shown through her work. Everyone involved in our wedding day felt so comfortable around her and her assistant that we felt free to be ourselves, which made for beautiful photos! I can't recommend her enough, and we can't wait to get back in touch with her for our next photo shoot. Maybe a Day After session? :) – Katherine and Caleb*

*We were very pleased with our photos. You didn't even know she was there. Our favorite photos were ones that we didn't know she took. Very easy and flexible to work with! We would recommend Heather to anyone! – Christine and Mike*

*We had a wonderful experience with Blue Dog Imaging and would choose them again in a heartbeat for any special occasion! Our wedding day went flawlessly thanks to the coordination and effort from Heather and the team! Highly recommend! - George and Amanda*

## **FAQ's**

*Do you travel? What if we are outside of your local area of coverage?*

Yes, we do travel. If you are beyond our 50 mile "local coverage area", we calculate travel fees based on where your wedding will be. Typically that is .55 cents per mile round trip if it's within 2 – 2 ½ hours of travel. Beyond that, we can give you a custom quote if overnight accommodations are needed.

*We love your albums, but it's not in our budget right now. Can we order one later?*

Absolutely! We love to design albums for our clients and you can order an album at anytime. We even design and print albums for couples who used a different photographer – with that photographer's copyright release of course.

*Do we get to pick the pictures for our album no matter what kind of album we order?*

Yes! This is YOUR wedding album, not ours. You are the one who will look at it regularly and share it with your family and friends. We can make suggestions along the way for images and we can even layout an album for you with our favorites if you're too overwhelmed with having to choose. We have done that in the past and are happy to say, there were very few changes.

*How many revisions can I have before my album is printed?*

We allow for two rounds of revisions while designing your album.

*What are the "Hi-Res" images?*

The Hi-Res images are your images that are exported at 300 dpi. The images are corrected for color and density by our high standards and ready to print with our printing release.

*Can we customize a collection?*

The listed collections are already discounted and no exchanges or substitutions are available because of this. Please refer to the A la Carte pricing to create a unique coverage.

*We want to hire you as our wedding photographers! What do we do next?*

First make certain that your wedding date is not going to change and that you have your contract with your venues in place. Next, we require a \$400 retainer and a signed agreement. The retainer will then go towards the coverage that you pick for your wedding day. And you do not need to know which coverage you want when you book with us, you just need to know that you want to work with us, we can firm up the coverage information closer to the wedding date.

*What if I'm not sure of my wedding date? What happens if we change the date?*

We only book one wedding per day, and once we have a contract in place for that date, we turn away any other inquiry we get for that date. We will not book with a client unless they know for certain their wedding date and have contracts in place with their ceremony and reception venues. Changing a date can be very tricky and if we are already booked with someone else for a new date, then we cannot photograph your wedding. Also, as stated on our contract, the retainer is non-refundable, even if the date is changed.

*What do you wear to weddings?*

Our rule of thumb is to blend in with the guests, and we often get mistaken for caterers.. We tend to wear dark or muted colors, no jeans or shorts.

*What are the turnaround times for proofs and albums?*

You will receive your proofs within 8 weeks of your wedding. We edit your proofs, color correct and adjust the density of each one. If you have ordered an album, we ask you to provide us with your list of images for your album within 8 weeks of receiving your proofs. You will get your album preview within 8 weeks and once is approved by you, it takes 6-8 weeks to arrive from the album manufacturer.
